#### Democrats Portray Hoover As After Nomination

By Edward J. Duffy

Associated Press Staff Writer

Washington, Nov. 30.—(AP)—Stirrings of Republican discussion over the presidential nomination revealed differences over new deal spending in political significance tonight.

Capping a week which showed divisions among Republicans over the O. P. E. issue, the nomination revealed differences over new deal spending in political significance tonight.

The Democratic national committee, through Charles Michelson, portrayed Hoover as after nomination without any of his.

Increased campaign and general election potentialities and Republican leaders of the added to the great guessing game about the time in the year campaign.

Political maneuvering of specialists what measures if any, would follow from the meeting at Tokyo between Governor Alf Landon and Mr. Hoover's friend, Mary L. Reagan, national committee member for California, and the one here between Senator Borah of Idaho and Representative Hugh of New York both main targets of the old ward.

Landon was a target of "punch" from the Kansas supporters who planned organization in aid of his nomination. W. M. Landon, the candidate secretary of agriculture, had just become the latest to endorse Landon, and former Senator Borah of Iowa had labeled him the "Standard Oil" candidate.

Brooklyn's favored Borah supporter, Borah and Landon apparently are of one mind in opposing Landon to have delegates to the convention primarily unemployed. After some Borah supporters to prevent any "backroom" selection of a nominee.

Friends of Borah are convinced he plans to enter. A showdown over complete save for such reasons as may be necessitated by supreme court rulings, seem on the horizon, was continued from Page Ten.

#### Missouri Man is Held For Making "Relief Whisky"

Popular bluff, Mo., Nov. 30.—(AP)—"Uncle Sam" Carson, 71, and a newlywed, was in jail tonight, accused of making "relief whisky."

"I was on relief," United States Commissioner Arthur Ponder quoted him, "but I heard I could get more if I was married—so I hunted me up a wife."

Ponder said "Uncle Sam" explained how he converted his increased relief allotments—a batch of sugar and corn—into homemade whisky.

"I sold my liquor for 40 cents a quart and took a nip before meals out of the profits," Ponder quoted him. Officers found a small still on "Uncle Sam's" cook stove yesterday.

#### BILLMAN SAYS PENSION BILL TO BE AMENDED

#### Executive Secretary Returns From Trip To Washington

Springfield, Ill., Nov. 30.—(AP)—Without definite information as to what the federal government wants, it was learned today that the old pension bill before the special session will have to be amended.

DeWitt Billman, executive secretary of the legislative reference bureau, said that the amendment would be made by the committee on the bill.

### CONFERENCE OF INDUSTRY AND LABOR CALLED

#### Will Discuss Means Of Promoting Recovery

Washington, Nov. 30.—(AP)—A proposal for round table discussion by 37 groups at his conference on industry's problems December 8 was advanced by George L. Berry, industrial recovery coordinator.

Under the plan, representatives of industry would be divided into 44 groups, and labor into 13 for discussions before spokesmen are sent to a main conference to talk over proposals for promoting recovery.

Berry emphasized that the divisions suggested could be changed if desired by either industry or labor, saying:

"The groupings we have suggested are in no sense arbitrary. Industry and labor representatives are perfectly free to appeal from our proposed organization of the conference, and to sit with the group which they believe is most directly concerned with their particular interests."

Coincidentally, it was said at Berry's headquarters that American Federation of Labor Union would be represented "100 per cent."

Reports in labor circles here that the Carpenters Union, second largest in the Federation, had declined Berry's invitation when first issued.

Word that the Carpenters had accepted aroused considerable speculation among labor men as to what conditions it set, the acceptance might have had with rumored administration displeasure with the Federation's nomination of William Hutchinson, the Carpenters' president, as labor delegate to an International Labor conference in Chile several weeks hence.

Hutchinson is an outspoken republican. He and Berry, president of the Printing Pressmen's Union, also are on opposite sides of the fence on the industrial union issue, labor men recalled. Hutchinson is a craft unionist, while Berry is one of the principal allies of John L. Lewis, president of the United Mine Workers and leader of those who believe mass production industries should be organized by industry rather than by craft.

The conference will open with a general meeting to adopt procedure. The round table conference, Berry said, likely would be completed the following day.

A report of the trip is to be made to legislative leaders next week. Billman said similar intensity at a federal phase exists in other states.

There were unofficial reports that many major amendments would be made in the bill.

A suggestion that all was not well with the old pension measure which was passed in the house and advanced to second reading in the senate, was announced last week. Rep. R. G. Schacterman, Elmhurst, Republican, and president of the State Federation of Labor, asserted that the bill would limit the old age pension to less than \$30.

He argued that the provision that the state share would be not more than \$15 limited the entire pension of a person to that amount. He pointed out that the federal law specified that the government would refund half of the state pension.

Immediately thereafter at Devine's suggestion Mr. Horner ordered Billman and Winnie to Washington. There they were told to learn also whether the plan to put administration of the old age pension boards appointed by county judges met federal requirements.

### Dorothea Livermore, Who Officers Claim Seriously Wounded Son, Put In Jail

#### Law Appears to Have Dairyman Coming, Going

San Jose, Calif., Nov. 30.—(AP)—Jail doors closed today on Mrs. Dorothea Wendt Livermore after she told officers she remembered nothing about shooting her son, Jesse Livermore, Jr., in an alleged drunken argument.

The 16-year-old victim, however, between life and death. He was observed by a visit from his father, Jesse Livermore, noted Wall Street figure of the predecession era.

Mrs. Livermore, divorced second wife of the market operator, verged on hysteria when she asked to be taken home from the (cottage) hospital—and was told she was going to jail instead.

She was held on suspicion of assault to commit murder. Sheriff James Ross said that booking would stand pending outcome of the boy's fight for life.

Neither the boy, who yesterday sobbed that it was "an accident," nor the mother, cast any further light on the shooting which took place at Mrs. Livermore's painful home late Thursday night.

Officers said she told them yesterday her son handed her the rifle and dared her to shoot him after they quarreled about the boy's drinking.

Physicians reported, however, that the still was under the influence of alcohol and the opiate at the time. Investigators tried later to obtain a full statement but said she "talked around" the affair.

Sheriff Ross said he tried this again today and Mrs. Livermore told him she (Continued from Page Ten)

#### DR. E. D. JUDD CHIEF OF MAYO CLINIC DIES

Chicago, Nov. 30.—(AP)—The distinguished surgical career of Dr. Edward Starr Judd, chief of surgery at the Mayo Clinic, Rochester, Minn., ended in death here today.

Dr. Judd died of pneumonia in the Presbyterian hospital. He was 57.

The renowned practitioner was passing through the city en route to a meeting of the American Clinical Society in Philadelphia when he was stricken last Monday.

Two of his five children, Mrs. Eleanor Kirklin, Rochester, and Edward Judd Jr., were with him when he died. Also at the bedside were his brother, Cornelius, a brother-in-law, Dr. Henry Plummer, and Mrs. Plummer.

Known as the "surgeon's surgeon" because of the confidence reposed in him by colleagues, Dr. Judd headed many medical organizations in the course of his career. He was president of the American Medical Association in 1930.

He was also an honorary member of the Urologic society of Brazil and a correspondent of the Royal Academy of Medicine at Rome. In addition, he held memberships in the American College of Surgeons, the Minnesota Pathological society and District surgical associations.

Born at Rochester, Dr. Judd graduated from the University of Minnesota in 1902 and served his internship at St. Mary's hospital. He then became first assistant to Dr. Charles E. Mayo at the clinic. After being put in charge of a division of the surgical department he steadily progressed until he became chief of the surgical staff.

Dr. Judd was best known in the field of abdominal surgery. During the war he served as a lieutenant colonel in the medical reserve corps.

Dr. Judd was the second Mayo staff physician to die of pneumonia in three days. Dr. George E. Brown, authority on blood vessel diseases, died Thursday at Rochester.

### DIRECT RELIEF ENDS; 3 MILLION NOW EMPLOYED

#### The States Have Ceased

Washington, Nov. 30.—(AP)—Claiming success at placing the 3,500,000 able-bodied unemployed in jobs where they could earn their own way, the administration tonight stood upon the assertion that its "dole contributions to the states were ended."

With the arrival of the December 1 deadline for the end of direct relief also came the passing of the federal emergency relief administration. The last slice of its funds was split up last night among 22 relief supplemental allotments, intended to carry on direct relief where the employment quotas have not yet been filled.

Although Harry L. Hopkins, dual chief of the expiring FERA and the works progress administration, did not disclose new figures as to the number now employed on works projects, New Deal spokesmen asserted that the goal of 3,500,000 jobs would be reached by tonight.

The last hours of FERA saw the works progress organization speeding its machinery to take over as quickly as possible its share of the relief load. WPA's main effort was directed at speeding delivery of work relief pay checks, coupled with a drive to get projects actually under way.

Pending arrival of the relief pay checks, unexpended dole balances now in the hands of state administrators can be used to tide over the newly employed. Aubrey Williams, assistant chief of FERA and WPA, emphasized that state relief administrators will have a free hand in spending remaining money for this purpose or any other they believe necessary. But he added that they had received their last allotment of funds by FERA.

More than \$3,000,000,000 went out in direct aid to the needy during FERA's two and one half years of existence. President Roosevelt repeatedly maintained that it was a stop gap measure designed for quick relief, and that it would be abolished as soon as a longer-range program could be devised.

It was with this argument that he carried to the last congress his request for a \$4,800,000,000 appropriation. Up to November 12, \$800,865,650 of the appropriation had gone for "dole" purposes and later estimates indicated that even more than the \$800,000,000 earmarked had been expended for this purpose before the final dead line.

The situation in regard to treaties for limitation of naval armaments still remains uncertain and it is impossible to predict the nature of future treaties, if any, he said in his annual report.

"For the present," he said, American naval policy was unchanged, and he recommended that plans for building new warships to the total 1,125,500 tonnage permitted under the treaties be continued without change.

President Roosevelt has already endorsed that viewpoint by reaffirming the intention of the United States to oppose any bigger navies at the London parity, and to continue this nation's naval construction program.

Swanson reported "substantial progress" was being made in increasing the navy, with 86 ships, totaling 383,150 tons, now building and approximately 100 more on order.

He added that the British Empire had 58 vessels of 183,395 tons under construction and 183,395 tons was building 41 ships of 117,707 tons.

The United States has treaty authorization to convert 70,925 more tons into approximately 54 ships, Swanson said, and "further appropriations each year for replacement construction, as it becomes due, will be essential to the maintenance of a fleet of full treaty strength and permit such strength to be maintained with the greatest degree of efficiency and economy."

President Roosevelt has under consideration the possibility of building a new battleship to replace the old Arkansas, and Swanson revealed that other over age battleships might be scrapped and replaced by new fighting craft.

Upon the expiration of the present treaty certain battleships will be over age, and, subject to future agreements, the matter of replacement must be considered, he said.

### JAPS PREPARE FOR CRISIS IN NORTH CHINA

#### Loses His False Teeth But Finds Them in Throat

Pueblo, Colo., Nov. 30.—(AP)—D. W. Danielson, 68, was free today from a "sore throat" and again the possessor of his false teeth.

Danielson's "throat trouble" began a week ago when he awakened from a nap. Swallowing became so painful he refused to eat. Doctors were puzzled.

Yesterday, the elderly man's hunger overcame his disinclination to swallow, but he couldn't find his false teeth, a full lower plate. When a thorough search of the house failed to reveal them, someone suggested he might have swallowed them.

An X-ray revealed the plate lodged in the esophagus. It was removed last night.

#### NEW NRA BILL IS READY FOR SUBMISSION

#### Roosevelt Advised Of Basic Provisions Of Measure

Washington, Nov. 30.—(AP)—A new NRA bill was reported authoritatively today to be ready for swift submission to congress, should business show signs of wanting it.

In the same informed quarter it was stated that President Roosevelt had been advised of the basic provisions of the measure and had expressed no objections.

Its provisions were guarded, but more than one in a position to know said it would:

1. Re-state the power of congress to regulate interstate commerce and add activities which substantially affect interstate commerce.

2. Permit application of voluntary codes to businesses engaged in such commerce.

3. Prohibit price-fixing in codes except for natural resources and in restraint of monopolies. (Natural resources might be eliminated in view of the exception of some new dealers that the Guffey coal bill will weather the supreme court.)

A decision on what to do with the bill will not be made at the earliest, until conclusion of the meeting of business men called December 9 by George L. Berry, coordinator for industrial cooperation.

Berry and his advisers are represented as doubting anything can be obtained beyond a possible agreement for the creation of a permanent organization of labor and business leaders to give attention to industrial problems.

But, said one administration leader on Capitol Hill, if the meeting develops any substantial sentiment for a new NRA, the described bill will be pushed at the session beginning January 3. If not, it will stay in its pigeon-hole pending developments.

The projected measure, follows an announcement last May when the supreme court invalidated the old NRA.

It was reported that Donald R. Fitchberg, last chief of the active Blue Eagle, as well as the president had approved the basic ideas of the new bill.

Remove Safety Pin From Little Girl

New York, Nov. 30.—(AP)—An open safety pin was removed tonight from the small intestine of Lillian Lenneman, 15-year-old Ramsey N. J. school girl, by surgery.

Her condition after the operation was reported "good."

Surgery was decided upon after x-rays disclosed a change in the pin's position had put its point against an intestinal wall. The operation was performed by Dr. Arthur Wright, attending director of the hospital's third surgical division.

Lillian was rushed by plane from the steamer "Cambridge" yesterday when she swallowed the pin accidentally. The pin lodged in her throat.

#### AUTONOMY MAY BE SUPPORTED BY JAPANESE

Peiping, Dec. 1.—(Sunday)—(AP)—Autonomy agitators boldly proclaimed their cause in the streets of Peiping without police interference today as fears of a possible clash between Chinese and Japanese in northern Honan province were reported from Kaifeng.

Evidence of increasing unrest in North China caused the belief in informed circles, viewing renewed Japanese military activity at China's great wall, that a crisis was near in the tense situation arising from the autonomy movement.

Leaders of the movement shook off their cloak of secrecy in this city, and handbills and posters urging the people to demand "self-government" were widely circulated.

Police looked on indifferently as the agitators publicized their cause. Authoritative sources, meanwhile, continued to insist there was not the slightest evidence of a popular desire for autonomy.

Uneasiness was reported in northern Honan province as rumors spread that the area might become a theater of war in the event Japanese forces moved into North China to give assistance to the autonomy movement.

## Mufflers Are Glorified In New Styles

Gift Favorites Show Improvement In Design As Well As Materials

By WALTER C. PARKES  
News Service Staff Correspondent  
New York—You'll give somebody a muffler for Christmas. Everybody does. So get a line on some of the latest scarf stunts whose novelty provide a fillip of freshness to a standard stuffing for Christmas stockings.

New designs and colors in the conventional scarf shape are plagiarized from other items in the masculine wardrobe. Striped-knit gloves find their striped-knit match among mufflers. Bold Argyle plaids, long-time style leaders in hosiery, promise to duplicate their popularity on scarves. These haberdashery extremes even come in matched sets, with socks and scarves bearing the same plaid.

**Look at Deep-toned Neckties**  
Cravat connoisseurs who so heartily welcomed deep-toned stripes in neckties, will probably like the baritone colors on the new silk mufflers. There are also checks and overchecks, inspired by the patterns now popular in sport suits.

Men who wear their scarves Ascot fashion will be glad to know that a new one has been designed with a view to eliminating the uncomfortable bulkiness at the back. In addition to a special Ascot shape, this novelty has patented cable-stitched neckpiece that lies perfectly flat, with an elasticity that makes it hug the neck.

Then there's a new opera scarf for formal wear, whose bifurcated shape looks like a pattern for trousers. The top of the trouser shape is a bib that protects your bodied shirt front, while the "legs" pass around the neck and tie in front in a single throwover.

If someone on your list appreciates rich fabrics, you might investigate the mufflers made of a beautiful new combination of spun rayon and silk. They are soft and warm as camel-hair and, through a special brushing process, have the velvety surface of fine suede.

The growing tendency to wear wool only for business and sport, and the dressier silk at night is given recognition by the muffler that uses figured silk on one side and fine cashmere, with matching design, on the other. Silk scarves, both reefers and squares, in rich designs such as Paisleys and those using Byzantine motifs make doggy looking presents. These oriental patterns are even more stylish in fine cashmeres.

**Scotch Plaids Lead in Favor**  
Generally speaking the Scotch plaids are the most popular patterns, with stripes, checks and oversquares closely following. Solid colors offer sanctuary when the recipient's pattern

Regardless of the muffler you choose, you can't go wrong by having it monogrammed for this season

a newly stylish monogram. Next below the bump-eliminating neck-piece of a radically new Ascot is folded over the boldly cross-stitched body. The polka dotted silk muffler on the center figure is always a safe and sane gift.

brings the initialing of all haberdashery back into style prominence. The newest and most personal variation of the monogram is a facsimile of the owner's signature embroidered on his scarf.

## Those "Good Old Days"

People who think men were more honest, noble, gentle and kind in the past generations should read a story of the political campaign of 1844. It shows that newspapers were more prone to print slander and that calumny went farther to defeat a candidate than is true today. Campaigns were rougher and attacks more vicious. Politics was more personal, and the victims practically defenseless, except where they could answer their foes in kind.

The story goes that Henry Clay, famous as the "Great Pacificator," was the Whig candidate, was caught playing a game of cards on Sunday. A minister called on him and found the gentleman in his shirt-sleeves, with cards in his hands and money on the table.

The Democrat newspapers printed the story in high type. The Whigs replied that the whole thing was a frameup, that the minister had been introduced by an enemy of Clay just at the right moment. In order to offset the story, the Whigs put out the information that the father of James K. Polk, the Democratic candidate, was a British Tory.

Clay was beaten and Polk was elected, but it will never be known how much the Sunday card story had to do with it. Being the son of a Tory evidently hurt Polk in the eyes of the voters. Be it remembered that in those days there were no hard roads and few paved streets. Mud was deep and abundant. Sinking it was a favored political pastime, which has largely gone by the board.

## Putting on the Heat

Fear that the League of Nations is about to really "put the heat on" Italy now grips Europe. Sanctions applied thus far have not caused the Italians much inconvenience, but there is one more that might prove more effective than all others—an embargo on oil. Italy has little or no oil, and must depend on foreign sources for the fuel to operate her tractors, airplanes and other war equipment.

One reason for her drive into Ethiopia is to secure control of oil fields. As yet she is not near the goal, and should she conquer the right territory, it would be difficult to make the oil available for immediate use. Hence Italy must have oil from other countries.

An embargo on oil will put the United States in a "hot spot." Shipments of gasoline to Italy thru her African ports have been large and are still continuing. It might well happen that ours would be the only nation from which Italy could get an adequate supply of oil. A complete embargo by the American government in such a case might be regarded as an unfriendly act, no matter if the same provisions were applied to Ethiopia in accordance with strict neutrality.

That the League will attempt to clamp down the oil embargo there now seems little doubt. The British will work to that end, and France has given assurance of support. Italy's threat to attack the British Mediterranean fleet turned the tables.

That threat was evidently more of a bluff than a reality. Had Italy been planning anything so desperate as an attack on British warships in case of an oil embargo, she would surely have said nothing about it.

## Three Against the Field

Like the chiefs getting together to discuss how many engines they should order, with a conflagration in progress all about them, delegates will gather in London on Dec. 8 and discuss what, with a dead pan, they call "disarmament."

Peace treaties apparently do not mean a thing. The Kellogg pact, born amid hosannas, are so much wallpaper. League covenants appear to be matters of convenience.

In a world of international banditry, big guns appear to be the only safeguard.

President Roosevelt would reduce navies. The newly-endorsed British government swept to political victory on a big defense program. Japan wishes to navigate her way into the sun with a navy second to none.

Looking about him, President Roosevelt picks three delegates to represent

this country at the London "disarmament" conference at which nobody is a bit disarmed. Out three spokesmen are: Roving Ambassador Norman H. Davis, who knows his book; Career Under-Secretary of State William Phillips, court as they make them, and chief of naval operations, Admiral William H. Standley, a big-brother man.

Uncle Sam no longer sends babies to the European woods. Washington realistically faces the fact that the world is totting a pistol, and we are going to tote along with the rest of them. It is a miserable situation and indicative of the degree of world stupidity. Fortunately, we are better able to carry on a naval building race than any of our good neighbors overseas. Which isn't saying much.

## One-Way Traffic and Park on Both Sides or Two-Way Traffic and Park on One Side

How to relieve traffic congestion in Jacksonville's narrow loop business streets has long been a moot question, yet has received scant attention from the city administration which should be most interested in the problem. Something should be done to relieve the situation motorists encounter daily in attempting to make use of these streets. Under present conditions, they present difficulties to the average driver he would rather not have to face.

There are two ways by which the problem might be solved. At present the streets are treated as the they were of normal width. Traffic is permitted both ways and parking allowed on both sides of loop streets. With cars parked on both sides, there is room only for one-way traffic. This is one way the problem could be solved. Make the loop streets one-way thoroughfares and leave parking regulations as they are.

By removing cars from one side of the street, there would be sufficient room for two-way traffic. This plan would probably be the more feasible and popular of the two. Remove the cars from one side of the loop streets and leave traffic as it is. Either plan is worth trying, and one or the other should be tried if congestion is to be relieved and danger of accidents lessened.

## Relief Load Less

The allocation of only \$28,730 to direct relief for Morgan county during December seems to mean that WPA has cut the need almost in half. Numerous projects are under way in the county already and more will be started. Both in Jacksonville and the rural districts scores have been removed from relief rolls.

In other counties the need seems to be much greater. Indicating that WPA has been slower in getting started. Williamson and Winnebago counties, for example, are allocated \$140,000 each. The early start of projects in Morgan is due largely to prompt action of sponsors in getting their projects ready for government approval.

No time was lost in this county. All who had anything to do with the preparation of projects did their work without delay, and when approval was secured, the start of the work was also prompt. The county relief agency certified employables to the National Re-employment Service, and as fast as projects were approved, men were assigned to them. Thus the work has gone forward with the co-operation of all, and the relief load has consequently been greatly lessened.

There are many projects in the county which will require months to complete. For example, the victory drive work will employ 115 men for a year. Nichols park projects will be under way all winter. Road graveling is another long-term enterprise. Morgan county is fortunate in its WPA progress.

## Not To Be Kept Secret

As long as there are human beings who defy the law and go out to get what they want at the point of a gun, the newspapers will be obliged to print crime news; and just so long, probably, will the argument about that kind of news be carried on.

Crime news makes unpleasant reading. Now and then, honest citizens feel that it is news which should be suppressed. And one of the best answers that we have yet seen to this argument was made recently by Prof. Lowell J. Carr, of the sociology department of the University of Michigan, in an address before the University Press Club at Ann Arbor.

"The newspapers of America," says Prof. Carr, "have been the greatest single force in arousing the public conscience to the menace of crime. Theorists who talk of eliminating crime news from our papers simply don't know what they are asking."

"We are never going to win our fight on crime by shutting our eyes to its prevalence, and we are never going to win our fight on crime by suppressing crime news."

## Cheek-to-Cheek

Universally primitive in man and woman is the instinct to dance. Civilization made dancing an art. More recently, to the savage underfoot of

tom-toms, men and women, boys and girls, professedly civilized, have reverted to jungle gymnastics.

Dancing cheek-to-cheek, ludicrous and grotesque adolescents and premature seniletics, wave their sterner about in public places and call it dancing.

Apply and authoritatively, the New York Society of Teachers of Dancing has decreed that cheek-to-cheek dancing is poor ballroom etiquette. Spokesman Oscar Durieux condemned the 1935 fad of "stream-lined" dancing as contrary to good taste and conducive to bad posture.

Would it be fair to measure the degree of national good taste by the type of dancing? At this country's christening the minuet was danced. Picture the two, the minuet and the cheek-to-cheek contortion.

Cheap dances start in the gutter. Frisco's Barbary Coast gave the world many a sensuous writhing that later was adopted by persons supposedly well-bred. The narrow streets of Latin-American waterfronts set the style in dancing for many an urban debutante.

Dancing, through the ages, has had tribal significance. What a tribe we have turned out to be!

## Bryan's Daughter and Dunlap

The case of Millard F. Dunlap, convicted Illinois banker now in prison, is on the desk of President Roosevelt through the good offices of Ruth Bryan Owen, daughter of the late William Jennings Bryan. Mrs. Owen, who is now minister to Denmark, has asked the President to exercise his power of pardon for the former Jacksonville banker, who was convicted in a federal court of embezzling funds from the Ayers National bank in Jacksonville.

William J. Bryan was a resident of Jacksonville in his early years, and there became a close friend of Dunlap. They were political as well as personal friends. It is one of the curious turns of fate that now the question of whether Dunlap shall die in prison or be released for his closing years, rests largely on the importunities of his youth-time friend's daughter. It is said that President Roosevelt is studying the case in a sympathetic attitude.—Bloomington Pantagraph.

## SO THEY SAY

Another old idea is that you have to be rich to be a patron of art. Absurd! Everybody should be a patron of art. We need it in our homes, and the artists need a chance to express themselves.—Homer Cahill, director of WPA Art Projects.

It is more than a reasonable undertaking for a nation to send out her flag, her Constitution, and the potential lives of her men, women, and children to guarantee the safe voyage of every merchant who might sail a boat into troubled waters for war profits.—Senator Thomas, Utah.

These days are more perilous for America than you may suspect. The League of Nations and its sanctions exist for one single purpose—to act only and when British interests are at stake.—The Rev. Charles E. Coughlin.

It may do the farmer some good to pay him additional money, but how much of this money actually remains with the farmer after he pays the rises in clothing and tools that have come as an indirect result of this attempt to raise prices?—The Rev. Dr. James J. Henry, New York.

## BARBS

Victoria, B. C., woman has been

yawning for eighty days. Almost as exhausting as the yawns, probably, are all those "pardon me's."

That new machine that can hold a few strands of hair, and cut off a cross-section measuring one ten-thousandth of an inch, is a break for the bald die-hard.

"President Roosevelt Leading Traffic War." Victory is only a question of time if the younger Roosevelts desert to his side.

## Behind The Scenes In Washington

**Administration Wide Open to Attack for Manner of Banning Oil to Italy... Threats Made to Shippers Leave Bad Taste... Flat Embargo Was Right Course, Say Critics... Favoritism Toward England Is Scented.**

BY RODNEY DUTCHER  
Journal and Courier Washington Correspondent

Washington.—The administration probably is brewing a storm for itself in the next Congress through its adventures in "neutrality."

Not just because it appears to have taken the worse of two alternatives in its desire to discourage shipments of oil and other raw materials to Italy. Its reason for that choice is being widely construed as an official desire to be in position to use neutrality legislation and sentiment as tools with which to play the game of international politics.

Popular support isn't lacking for the idea that the best way to keep out of war is to refrain from exporting war materials to belligerents.

But there will be a large contingent in Congress to charge that Roosevelt and Hull should formally have embargoed shipments of oil to Italy and Ethiopia instead of adopting a method so dangerous in its precedent as that of making extra-legal threats to those engaged in the traffic.

Is Oil "War Implement"?

The temporary neutrality act says the president "shall" embargo "arms, ammunition, and implements of war" when a state of war exists. Secretary Hull has said oil isn't "strictly an im-

plement of war," but could be classed as a "war material."

The dictionary says an implement is "That which fulfills a want or use; especially an instrument, tool, or utensil used by man to accomplish a given work; as the implements of trade, or husbandry, or of war."

Lawyers have been debating here whether raw materials, and especially oil and chemicals, could legally be classed as "implements." Opinion is divided.

The chief question raised is whether such definition would stand up in the courts. Many have pointed out that oil is an essential of warfare, an indispensable part of such armament as tanks, battleships, and guns.

Might Bar Aid to Britain  
It seems obvious enough that an administration which has adopted a "damned the torpedoes" attitude toward the courts in its legislation was not deterred by the fear of what the supreme court might decide—long after the present neutrality act expires—when it refused to class oil as an "implement."

And it can hardly blame outsiders who believe that in the back of the minds of Roosevelt and Hull is the fear that some time in the future such a precedent might bar this country from supplying oil to the British navy. Those who believe it's important to play no favorites point out that this government beat the League of Nations—in whose policy England has played such a big part—to the jump, first when it officially recognized a state of war between Italy and Ethiopia, and second, when it began to bring powerful pressure against oil exports to Italy before the league laid down an oil embargo.

Looks Bad to Italy  
Without some underlying motive, they feel, this government hardly would have placed itself in what seems a more unnatural position than it would have assumed by simply placing oil on the embargo list. The latter course could easily have been defended as a carrying out of the congressional mandate.

But when the administration, with-

out authority of the neutrality or other act, proceeds to discourage trade with belligerents by threats of coercion, the Italians are able to charge unfriendliness and convince their own people of it.

The course chosen has many more seeds of war than the other.

Threats Leave Bad Taste

Some good reason, it is also argued, must also lie behind the extraordinary decision to use the government's power as a creditor to threaten American shipping companies in debt to it by specifically pointing out to each company its debtor position in the same letter which said shipments of war material to Italy or Ethiopia were contrary to government policy.

One needn't be a rabid Republican to realize that such a method could be used to threaten bankers, railroads, insurance companies, home and farm owners and many others who owe the government.

There are many other complexities and conflicts in the neutrality problem, but the chief result of the current experience probably will be to stiffen the backs of those who insist that all neutrality legislation be mandatory on the executive branch.

## SIGNS OF THE TIMES

People's Editor:

The Journal-Courier Co. should be thanked for maintaining a free press in Jacksonville.

After living on Earth for ages the human race now finds itself unable to make a living. Science and invention enable men to produce the necessities of life so abundantly that half of humanity is on the verge of starvation. The world depression, of course, is purely artificial and destined to cause the world revolution predicted by the communists.

The patriotic Dr. Wirt of Gary, Ind., spoke the truth when he declared that a group of revolutionists are in power at Washington, and that they intend to change our form of government. Anyone who compares the two systems will observe that the New Deal is patterned after Soviet Russia which is a bureaucracy ruled by a red czar.

The comparatively few communists in Russia seized the Russian food supply and thus conquered the Russian people, who had to submit or starve. For the same purpose the present regime in Washington has destroyed livestock, pregnant brood sows and fresh pork, plowed under cotton, burned oats, reduced the acreage of corn and wheat and raised the cost of food.

A foreign embassy in Washington issues orders to a swarm of communist agitators in every locality of the United States, who use every avenue of publicity and bore from within every organization, business, religious, political and patriotic. American colleges have become hotbeds of communist propaganda. Meanwhile the nations of Europe and Asia are preparing for another world war.

Humanity's terrible plight is due to the materialism and egotism of the intellectual giants of the race. They are men who are ignorant of the

fundamental truth of all knowledge, that is, that the Cosmos is a unit; men who seize all they can take regardless of the wants and needs of their weaker brothers. They are the blind leaders of a blind age.  
"The feast of the Lord is the beginning of wisdom; a good understanding have all they that do His commandments." (Psalm CXI:10). Bible students of all belief are convinced that the innumerable Bible prophecies regarding the end of the age, are about to be fulfilled. (Whenever the Lord Jesus spoke of the end of the world, the Greek text shows that He said "eternity," which means ages). Two interesting, modern prophecies for the near future appear in the September and November Inner Life magazine at the public library.

World conditions justify the assurance that we are living at the end of the days and that the sheep are being divided from the goats. Men of good will stand up and fight for the right. The day of our deliverance draws near.

Skeptical readers are invited to meditate on these words written by Lord Bacon who is considered the intellectual equal of any man of his day: "A little philosophy inclineth a man's mind to atheism, but depth of philosophy bringeth men's mind about to religion."

NOW PLAYING WHAT — WHEN — WHERE

FOX ILLINOIS — Now Playing: Will Rogers in "IN OLD KENTUCKY."

FOX MAJESTIC — Today and Monday Norma Shearer and Fredric March in "SMILIN' THROUGH."

SMILIN' THROUGH

Few motion pictures are able to stand the test of being re-released following their initial release, but Norma Shearer's triumphant film version of the famous stage classic, "SMILIN' THROUGH," in which she is supported by Fredric March and Leslie Howard, is one of those rare productions which have lingered in the hearts of movie goers the world over. So great has been the demand upon the part of the public to see this picture once again that the FOX MAJESTIC is bringing "SMILIN' THROUGH" back for two days only starting today. Passes today for J.B. Graves 785 E. College Avenue.

WILL ROGERS

Will Rogers opened to record business at the FOX ILLINOIS yesterday and the thousands who have seen it, acclaim it Will Rogers' Greatest Picture. "IN OLD KENTUCKY," now playing at the FOX ILLINOIS, will end next Thursday night, and it is positively your last chance to see this wonderful character whom all the world loved.

Tickets today go to Harry L. Smith, R.R. 3, Jacksonville.

# Jacksonville's Christmas Season Officially Opens

## Community To Feature Farm-Home Program

### Health, Wealth, Safety Of Farm Folks To Come First

Health, wealth and safety of Mor-  
ris county farm folk will come first  
at the thirty-ninth annual Farm and  
Home Week to be held January 13 to  
17 at the College of Agriculture, Uni-  
versity of Illinois, according to word  
which Farm Adviser W. F. Coolidge  
has just received from the college.  
Eight major speakers already  
scheduled for the week give promise  
that Morgan county farmers and  
their wives may expect from the pro-  
gram, Farm Adviser Coolidge said.  
The group includes E. D. Bayard,  
editor, Pennsylvania Stockman and  
Farmer, Pittsburg, who speaks Janu-  
ary 14 on "Protection of Life and  
Property in the Country"; Alfred C.  
Hottel, associate editor, Better Homes  
and Gardens, Des Moines, Ia., who  
speaks January 15 on "Flowers and  
Shrubs for Attractive Farm Homes";  
and Wheeler McMillen, editor, The  
Country Home, New York, N. Y., who  
speaks January 16 on "New Ways to  
Farm Wealth".

Dean H. W. Mumford, of the Col-  
lege of Agriculture, University of Il-  
linois, and host to the week's visitors,  
will open the general session program  
on January 13 with an address on  
"It Still Pays to Farm Well." K. L.  
Wilson, director of physical education  
at Northwestern University, Evanston,  
and a graduate of the College of Ag-  
riculture, University of Illinois, is  
scheduled to speak at the annual ban-  
quet for alumni and visitors, January  
13, on "Athletics in Relation to Rural  
Life".

Dr. Frank J. Jirka, director of the  
Illinois State Department of Public  
Health, Springfield, will speak on  
January 14 on "The Medical Aspects  
of Rural Health"; and Dean Thomas  
E. Benner, of the College of Educa-  
tion, University of Illinois, will speak  
January 15 on "A Plan for Better  
Rural Education in Illinois." Prof. J.  
C. Blair, head of the college's depart-  
ment of horticulture and a member  
of the state park commission, will  
speak on January 16 on "Illinois  
State Parks".

Popular features such as the annual  
state music and drama tournament,  
the Illinois Seed Corn and Utility  
Corn Show, home bureau federation  
meeting, crop improvement association  
meetings and homebakers associa-  
tion conference will help make it a full  
week of instruction, entertainment, recreation  
and inspiration for visitors.

As in past years the various depart-  
ments of the college will offer a score  
or more of special short courses on  
current problems in farming and  
homemaking.

## TO GIVE RECITAL AT BUSINESS COLLEGE MONDAY EVENING

The first of a series of recitals to be  
given by the music department of  
Brown's Business College, under the  
direction of Mrs. D. L. Hardin, will  
be given Monday evening, December  
two, at 8:15 at the Business College.  
The public is cordially invited.  
The second recital will be given De-  
cember five and the third on De-  
cember 12. These programs will be  
announced later.

The program for December two is

## Vacation Of 11 Days Is Taken By Sun In November

### Temperature Drops 35 De- grees In One Day Summary Shows

A thunderstorm on the fourth, a drop  
in temperature of 35 degrees on the  
eighth day of the month and an 11  
day vacation of the sun were the most  
eccentric displays of the weatherman  
in November, according to the sum-  
mary issued by the Norbury sanita-  
torium.

The month issued samples of almost  
everything in its repertoire with a  
high temperature of 75, low of 13, some  
fog and snow flurries, and a consid-  
erable amount of precipitation, 2.47  
inches of which came in a 24 hours  
rain on the fourth.

Summary: Mean maximum, 40;  
mean minimum, 32.26; mean, 41.13;  
maximum, 75 on the 3rd; minimum, 13  
on the 23rd; greatest daily range, 35  
on the 8th.

Precipitation: Total, .596 inches;  
greatest in 24 hours, 2.47 on the 4th.

Number of days: precipitation, 9;  
clear, 10; partly cloudy, 2; cloudy 18;  
11 days noticeably cloudy.

Thunderstorm, 4th; light fog, 2;  
snow flurries, 28th.

## Lions Club Talks Charter Night

### Plan Banquet For Dec. 12 At Carrollton; Other News Notes

Carrollton, Ill., Nov. 30.—The Lions  
club at its meeting this week consid-  
ered plans relative to its charter  
night, December 12. Members of the  
Lions clubs within a radius of one  
hundred miles will be invited, and the  
banquet will be served by the ladies  
of the Baptist church. Rollins L.  
Scott has been appointed chairman of  
the arrangements committee.

A committee of eight members was  
appointed to visit all of the local mer-  
chants and to endeavor to get them  
to return to the custom of lighting  
Christmas trees in front of each store  
on the square and one block either  
way on streets leading off the square.

This custom was in use here for  
several years, but was discarded a few  
years ago. The trees are to be lighted  
at night for three weeks preceding  
Christmas and Christmas week. The  
club plans to furnish the trees and to  
assist in wiring. The committee  
is composed of the following mem-  
bers: L. R. Lee and Roy Boger will  
interview merchants on the west side  
of the square; B. W. Mehl and Frank  
McCollister, the south side; Homer  
Sheets and Francis Vaughn, the east  
side; and Lynn P. Simpson and Dr.  
N. D. Vedder, the north side.

**S. S. COMMUNITY  
CLUB HOLDS MEET  
AT MCNEELEY HOME**

Mrs. Jasper McNealey was hostess  
to the members of the South Side  
Community Club Friday afternoon at  
her home. Thirteen members and six  
guests were present.

The program presented during the  
afternoon was as follows:  
Roll call—Mixed words and ex-  
pressions.  
Debate, "Resolved: That the stay at  
home wife makes the home happier  
than the gad-about wife." The affir-  
mative upheld by Mrs. Henry Whit-  
lock, won the decision. The negative  
was supported by Mrs. G. L. Riggs.

During the social hour, contests  
were conducted by Mrs. Alma Mc-  
Lamar and prizes were awarded to  
Mrs. G. L. Riggs and Mrs. Hillard  
Samples.

Dainty refreshments were served by  
the hostess.  
Guests at the meeting were Mrs.  
Sophia Peak, Mrs. Gus McNealey, Mrs.  
Byron McNealey, Mrs. John Jones,  
Miss Martha McLamar and Miss  
Elaine Riggs.

The annual Christmas party will  
be held on December 13 at the home  
of Mrs. Lawrence Seymour.

**PURCHASE BARBER SHOP**  
Harry Craig and G. L. Simmons  
have purchased the Frank Taylor  
Barber shop at 227 North Main  
street, and will appreciate having  
their friends and customers call. (Adv.)

## Merchants Set Apart Tuesday-Wednesday For Special Showing

### Organize Soil Association In Greene County

Jacksonville merchants are ready  
for the Christmas shoppers. The of-  
ficial opening of the Christmas buy-  
ing season will take place Tuesday  
and Wednesday of this week. If  
shoppers cannot find what they want  
for gifts in Jacksonville stores, it is  
very likely not on the market, and if  
it is, local merchants can get it for  
their customers.

In other words, stores of this city  
are stocked with full lines of Christ-  
mas gifts of all varieties. Already  
since Thanksgiving the stores have  
taken on a Christmas appearance, and  
when the big opening is staged, down-  
town visitors will know that Santa  
Claus is not merely coming to town—he  
has actually arrived.

All windows will be decorated in  
keeping with the season and will dis-  
play the choicest holiday goods.  
Stores have been specially decorated,  
counters and display cases filled with  
attractive gifts. Miles of Christmas  
ribbons, holly and greenery have been  
used to make the interiors of business  
houses bowers of delight for holiday  
shoppers.

The customer can purchase not only  
a wide variety of gifts, but also every  
type of Christmas decoration to make  
his own home show forth the Christ-  
mas spirit. Merchants are ready to  
extend the usual special services for  
the holiday season and to make  
prompt deliveries. They are prepared  
for a heavy buying rush to such an  
extent that no purchaser will ex-  
perience delay in getting what is  
wanted.

However, it behooves everyone to  
shop early. The very fact that buy-  
ing is expected to be heavier this year  
than at any time since 1928, and that  
there will be increased demands on  
stores, sales people, the postal serv-  
ice and all facilities for delivery of  
gifts, makes early shopping highly  
necessary. It will be to the custom-  
er's advantage, and friends and rela-  
tives won't mind receiving their pack-  
ages a little ahead of time. You can  
mark it, "Do Not Open 'til Christ-  
mas".

Shop early; it will save worry and  
make Christmas preparations less ar-  
duous.

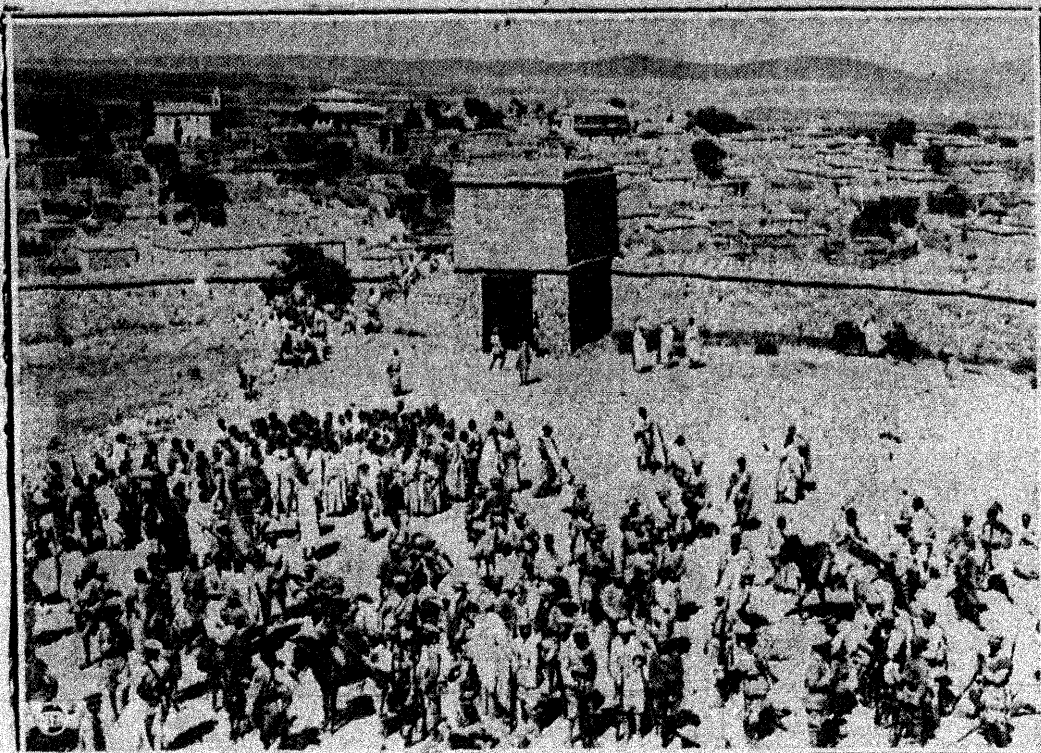

Shop generously; it will mean better  
business all around.

**SHOP IN JACKSONVILLE.** It will  
save dollars for you and provide just  
the gifts you want.

## ALSEY TEACHERS SPEND HOLIDAYS AT THEIR HOMES

# "Makale Is Ours!"—And Troops Take Over Captured Town

Copyright 1935, by NEA Service, Inc.  
In Makale at last! The advance guard of the Italian conquerors is pictured by Ray Rousseau, NEA Service staff photographer, as they took their ease on an elevation in the town toward which they had toiled many miles under the hot African sun. The native mud huts make a dreary contrast with the gleaming white buildings of European inspiration in the distance.

## Mrs. W. C. Ledford Honored

By Grace Church Class  
The Martha and Mary class of Grace M. E. Sunday School were delightfully entertained recently at the home of Mrs. W. C. Ledford and Mrs. C. R. Dowland, 402 N. Fayette St. the occasion being the birthday of the former. It was also the birthday of Dr. G. E. Schirmer who was an honor guest, and whose presence gave added enjoyment to the event. The party was in the nature of a surprise for Mrs. Ledford, planned by

Mrs. Dowland and a committee from the class, and was well carried out. About twenty-five members and guests enjoyed a sumptuous dinner, a program of music and contests following.

During the afternoon a memorial service was held for deceased members of the class. As the names were called a verse of scripture was read and a rose was placed in a bowl as a tribute to each.

At the close of the afternoon the company gave formal expression of their appreciation of Mrs. Dowland's part in making the day enjoyable for them and for the two who were especially honored.

There were two new members welcomed into the class. Mrs. Carrie Chase, 218 West Douglas avenue, Mrs. Hill 403 West College.

## Miss Moore's Poem In New York Press

## Verse by Local Woman on War Slogans Appears in the Times

A poem by Miss Margaret King Moore of Jacksonville was given the high honor of a place on the editorial page of the New York Times of Sunday, Nov. 24, 1935. This is a most unusual recognition of high poetic merit as the New York Times is in the judgment of many competent critics, "The World's Greatest Newspaper."

We congratulate Miss Moore, and feel that in this great honor which has come to her, all Jacksonville is honored. We have good reason to be proud of the distinguished literary ability of many of our citizens.

Dr. J. R. Harker.

## Slogans

"Carthage must be destroyed" an old man spoke  
And thousands, answering his cry, laid down  
Their lives, their bright young lives—that foreign gold  
Might flow unchallenged into Roman marts.

"Gods will it." Then men fought Holy wars,  
And children, thinking they should cross the seas  
To save the birthplace of the gentle Christ  
Were lured in sailing boats and sold as slaves

While merchants filled their coffers full of gold.  
"A War to End All War," or if that seem  
Too wild a dream, a "War to Make the World Safe for Democracy." Again they went  
The youth with souls uplifted, giving all  
They had to give, to make the world more safe  
For those who heaped up fortunes here at home.

O wise-eyed youth who look at war today  
And see it as it is—Beware the time  
When those who trade in death shall find the words  
For some new slogan, with its shining lie.

Margaret King Moore,  
Jacksonville, Ill.

# Tricky Cooking Improves Vegetables

## By MARY E. DAQUE

NEA Service Staff Writer  
I can put vegetables on the table but I can't make my men-folk eat them, until I resort to some neat tricks of our home-making trade.

The good old standbys known as the root vegetables seem to need an especial lot of dressing up to make them go over.

Parsnips never were very well received until I tried making them into little flat cakes and browning them in butter.

## Parsnip Patties

Four or five good sized parsnips, 1 egg, 1 cup cracker crumbs.  
Scrub parsnips and cook in boiling salted water until tender. Drain, scrape and mash. Add cracker crumbs and egg well beaten. Mix well, and form into round flat cakes. Brown first on one side and then on the other in melted butter or bacon fat in a frying pan. Serve with a garnish of crisp parsley.

These patties are a delicious vegetable to serve with fricasseed chicken, veal pot roast or steamed fish with egg sauce.

Turn there's turnips. I never liked them myself until my small son had a bumper crop in his garden (they're one of the easiest vegetables to raise) and after all his weeding and hoeing it didn't seem fair not to use them. Diced turnips in a mock Hollandaise sauce are very good. Peel the turnips and cut them in neat dice. Cook, uncovered, in boiling salted water until tender. Drain thoroughly and serve in the following sauce:

## Mock Hollandaise Sauce

Four tablespoons butter, 2 tablespoons flour, 1 cup milk, yolks 2 eggs, 2 tablespoons lemon juice, 1 teaspoon salt, 1 teaspoon white pepper.

Melt two tablespoons butter in a small sauce pan. Add flour and cook and stir until bubbly. Slowly add milk, stirring constantly. Bring to the boiling point and place sauce pan over hot water. Beat egg yolks slightly and stir in four tablespoons of the sauce. Add this to the rest of the sauce and stir in butter and lemon juice. Heat thoroughly but do not let boil and pour over hot cooked vegetable.

Turnips in mock Hollandaise are splendid to serve with mutton. They are good with a pork roast, too. The sauce itself is fine to serve with many other vegetables, such as broccoli, brussels sprouts and asparagus tips.

If beets are not favorites in your home, try baking them. We like them with a fish dinner but they are good with any meat or fowl you may choose to serve.

## Tomorrow's Menu

BREAKFAST: Stewed prunes, cereal, cream, buckwheat cakes, syrup, milk, coffee.  
LUNCHEON: Carrots baked with cheese, fruit salad, cinnamon rolls, milk, tea.

DINNER: Baked bluefish, diced potatoes in cream sauce, baked beets, pears and cress salad, orange soufflé (hot), milk, coffee.

## Baked Beets

Three cups sliced par-boiled beets, 2 tablespoons butter, 2 tablespoons

sugar, 1 lemon, 1 cup raisins, 1 tea-spoon salt.

Scrub beets and boil about an hour. Drain and dip in cold water. Slip off skins and cut in slices. Arrange in a buttered baking dish. Sprinkle with sugar and salt and dot with bits of butter. Sprinkle over raisins, grated rind and juice of lemons. Cover and bake thirty minutes in a moderate oven (375 degrees F.).

If you have never served baked onions you have an agreeable surprise in store for you. They're as simple to do as baked potatoes. Rub off loose husks but do not peel. Place them on a baking pan and bake an hour in a moderately hot oven (400 degrees F.). When ready to serve pull out the center and sprinkle with salt and pepper and fill with butter.

All of these vegetables are at their best and cheapest now and add pleasing variety to winter meals.

## ECONOMY DE LUXE

These Recipes Make Apologies For Cheap Dishes Unnecessary

**My Mary E. Dague**  
NEA Service Staff Writer  
Here are some economical dishes so good that you don't even have to mention their low cost as a kind of apology.

**Surprise Baked Potatoes**  
Four good sized potatoes, 11 cups cooked and diced liver, 2 tablespoons butter or bacon fat, 2 tablespoons flour, 1 cup tomato juice, 1 teaspoon pepper, 1 teaspoon salt.

Bake potatoes and cut a slice from the top of each. Scoop out the inside and mash and season with salt, pepper, butter and milk. Beat until light and fluffy. Melt butter, stir in flour and when bubbly stir in tomato juice. Cook and stir until mixture boils. Season with salt and pepper and add cooked and diced liver. Heat to boiling point. Line potato shells with mashed potato and fill with liver in its sauce. Cover with mashed potato and put into a hot oven to brown the top.

Beef liver requires longer cooking than calves' liver. Put it into a sauce pan of boiling water and simmer twenty minutes. Then dice it or use it any way you prefer.

**Corn Sticks**  
One cup cornmeal, 1 teaspoon salt, 1 tablespoon sugar, 1 cup boiling water, 1 cup flour, 3 teaspoons baking powder, 1-3 cup milk, 1 egg, 5 tablespoons melted butter or other shortening.

Mix cornmeal, salt and sugar and stir in boiling water. Let stand until cool. Mix and sift flour and baking powder. Add milk, melted shortening and well beaten egg to cornmeal mix-

ture. Mix well and add dry ingredients, mixing just enough to dampen all the flour. Turn into a dripping pan and bake in a hot oven (400 degrees F.) for twenty-five minutes. Cut in sticks and place on a baking sheet about 1-inch apart. Increase heat in oven to 500 degrees F. and put corn

**Tomorrow's Menu**  
Breakfast—Halves of grapefruit, cereal, cream, soft cooked eggs, toast, milk, coffee.

sticks in oven long enough to brown the edges slightly.

**Apple Ring Salad**

Two good sized apples, 4 tablespoons chopped dates, lemon juice, 1 package Philadelphia cream cheese, 4 tablespoons finely chopped nut meats.

Pare apples and cut each in four slices across. Remove cores and let stand in lemon juice for half an hour. Moisten dates with lemon juice. Allow 2 slices of apple for each salad and put them together sandwich fashion with date mixture for the filling. Make balls of cream cheese and roll in nuts. Put apple rings on crisp lettuce, top with cheese balls and serve with mayonnaise.

farm to house this year's corn crop.

Harry Coop, a Jerseyville carpenter, unearthed the old water carrier under four feet of earth. The jug had been buried near the rock foundation of the former corn crib site.

The jug is a half gallon vessel, semi conical in shape, and is in a perfect state of preservation. The old cork in the jug was found intact, having survived the flight of years in a good state of preservation. The former contents of the jug could not be determined, for the vessel was entirely empty. It is believed that the jug is at least fifty years old.

The annual Father-Son banquet of the Jerseyville Chapter of Future Farmers of America of the Jersey Township High school will be given Wednesday evening, December 11 in the school gymnasium.

# Army Swamps Navy Before 81,000 Fans 28-6; Methodists Win

## Score Point A Minute In The Opening Period And Snatch Game From Middies

By Alan Gould  
Associated Press Sports Editor  
Philadelphia, Nov. 30.—(AP)—Army fired all its long range scoring ammunition today in the first 20 minutes but the results were sufficiently devastating to give the Cadets an unexpectedly overwhelming lead and offset a spectacular comeback by the Middies.

West Point's warriors emerged badly battered but triumphant, 28 to 6, in an extraordinary struggle for service football supremacy before a crowd of 81,000 that filled Franklin Field.

Army's margin was the biggest in 32 years, exceeded only by the 40 to 3 rout of the Navy away back in 1903, but it exaggerated the difference between two teams that alternated in turning loose attacks of terrific intensity.

Bewildered and shell-shocked by an Army barrage that produced better than a point-a-minute at the outset of the game, the Middies came back to dominate the play completely in the last half. The trouble with the Navy's counter-thrust was that it didn't have the scoring punch to capitalize repeated opportunities and the sailors consequently yielded the honors gained so brilliantly on the same gridiron a year ago.

Led by the speedy Ed (Whitney) Grove and the versatile Charles (Monk) Meyer, Army's regulars struck with such fire and accuracy that they settled the game in the first period. Less than three minutes after the kickoff and on their second play after getting possession of the ball, the

Cadets shook Grove loose down the sidelines for 80 yards and a touchdown.

The same Grove took a 23-yard pass from Meyer and ran ten yards unimpeded for another tally. Shortly, Clint (Tarzan) True was on the receiving end of a 12-yard pass from Meyer and raced 30 yards for the third Army touchdown.

All this was accomplished in less than the full 15 minutes of the opening period while the Navy's followers sat stunned by the proceedings.

But they were no more bewildered than the blue-shirted players from Annapolis who were obviously demoralized for the time being, unable to pull themselves together with the aid of repeated replacements and easily beaten back by a 43-yard drive that produced Army's final touchdown early in the second quarter. Bill Grohs, Cadet field general, bucked over for the fourth tally from the two-yard line after Meyer reeled off several brilliant runs. Grove booted his fourth successive placement for the extra point and ran his total contribution up to 16 points for the day.

The picture changed with equally startling swiftness in the second half. Launching a savage counter-attack, the Middies ran wild, with Jack Schmidt the spearhead of a succession of thrilling drives, but penalties, intercepted passes and fumbles kept the Navy from taking full advantage of gains by land and air that were calculated to wipe out most of Army's tremendous margin.

Under terrific pressure and tiring rapidly, Army's "iron men" cracked, and, one by one, limped off the field during the final half but their valiant defense was sufficient to stop all but one of Navy's smashing charges. Schmidt, shedding tacklers like a duck sheds water throughout the last two periods, slid off tackle from the one yard line for Navy's only score on the first play of the final quarter, the climax of a 60-yard advance, but the sailors missed four other opportunities to score because of over-anxiety or poor ball-handling at critical stages.

By periods:  
Army ..... 21 7 0 0—28  
Navy ..... 0 0 0 6—6  
Scoring: Army, touchdowns, Grove 2, True, Grohs; points from try after touchdown, Grove 4 (placekicks); Navy touchdown, Schmidt.

## Freshman Rule Is Talked At Peoria

Representatives From Most Of State Colleges Are Present

With representatives from almost all of the colleges present, presidents of colleges and athletic officials from these colleges met in Peoria Saturday and discussed the proposed freshman rule. No official action was taken as a body, in view of the fact that the freshman rule is being adopted as an individual college proposition, and is not the action of the Illinois Intercollegiate Conference.

President H. C. Jaquith, of Illinois College, presided over the meeting, and explained to the visitors the progress that has been made. Nine colleges in the state have adopted the modified freshman rule which restricts football and basketball competition to the three upper classes. They are Knox, Monmouth, Bradley, Lake Forest, Wheaton, North Central, Millikin, Augustana and Illinois College.

An invitation was extended to the other colleges to join in this move to broaden the athletic programs in the colleges of the state by fostering lighter schedules for freshman teams in football and basketball. Representatives from the five Normal colleges, Illinois Wesleyan, and St. Viator, were present at the conference, in addition to representatives of the nine colleges which now have the freshman rule.

They will carry back to their respective institutions a report on the conference for action in these colleges. Today's meeting had no connection with the affairs of the conference other than as the adoption of the freshman rule affects the individual colleges. Colleges which have not yet adopted the freshman rule are expected to take some action during this week in order to have something to report when the college athletic directors and coaches meet in Chicago next Friday and Saturday to draw up schedules for the coming football season.

Although colleges which do not adopt the freshman rule will not be excluded from the schedules of colleges which have the rule in effect, it has been explained that colleges enforcing the freshman rule will give preference to each other.

The rule at Illinois college pertains only to football and basketball, and will have no bearing on track and baseball teams, or minor sports teams. Transfer students will be required to be either a year in residence or to have been out of college one year before registering here, unless they are graduates of junior colleges. If they come from junior colleges, they are eligible for competition during their first year in residence.

### PLUNGE HOME WINS

San Mateo, Nov. 30.—(AP)—Plunge Home won the \$5,000 added California Homebred Stakes at Bay Meadows today. Calaveras was second and Skipton third. The time for the six furlongs was 1:12.3-5.

The longest price of the Bay Meadows meeting was registered in the first race when El Cheevito, ridden by apprentice Eugene Stalling, finished first in the mile and furlong to pay \$195.00; \$56.00 and \$17.00.

Mr. and Mrs. Willard McCain, of Murrayville community, were callers in the city yesterday.

## Fan Breezes

By Ernest Savage

It may be the off season for sports just now, but the basketball bug is beginning to dig in his bill and make an impression on the followers of the indoor sport.

From all appearances, basketball is going to be a battle throughout this district this year. Teams which have been beaten formerly as warm ups, are kicking up their heels this year and making things tough for their larger brethren.

Gene Ibrag, over at Hull, is looking for a big year. Ibrag, who felt that his boys should have won the Pittsfield district championship last winter, took part of the blame for the failure of the team to come through.

His reason was that the team had not had enough stiff competition. Consequently, Ibrag is out looking for teams that can knock over his boys this year—or know they have been in a battle.

We heard a report that Woodson won three times from Murrayville during the late fall—but the Shadows again are coming up with another cracking team, despite the fact that they lost nearly all of the boys on its district championship team of last year.

Bruno Bierman is silent at White Hall, but that silence probably means that he has something coming along. White Hall was talking basketball during the football campaign, indicating that they are looking for a banner year.

Still another basketball hot spot is Bath, with a rangy team capable of producing some good basketball on occasion. Franklin also has a rangy team—one that can produce good basketball when pressed, and when the desire moves them.

"Frosty" England, who just got out of college, is making progress with his Perry team, winning from "Doc" Rames' Mt. Sterling quintet the other night. England is looking for some tough games for his boys, too.

## Beardstown To Open Season On Tuesday

Feb. 14—Macomb, there.  
Feb. 21—Rushville, here.  
Feb. 25—Virginia, there.  
Feb. 28—Macomb, here.

### GEORGIA TECH WINS

Atlanta, Nov. 30.—(AP)—After six lean seasons the Golden Tornado of Georgia Tech thunders to a 19 to 7 victory today over its neighboring enemy, the Georgia Bulldogs.

Grant field stadium was filled with close to 32,000 fans, the largest gathering for a football game here since the crushed Georgia 20 to 6 in 1928 and went on to defeat California in the Rose Bowl.

It was the 30th clash between the schools since 1893. Tech's triumph gave the Engineers a record of three wins and four losses in the Southeastern conference race. Georgia finished with two triumphs and four defeats.

### LINDBLOOM WINS

Chicago, Nov. 30.—(AP)—A crowd of 75,000 saw Lindbloom, champion of the Chicago Public School League, defeat Leo, Catholic title winner, 6 to 0, today at Soldier Field to win the Chicago prep football championship, for the second straight year. Lindbloom conquered Leo by the same score before another huge crowd a year ago. Ted Hennis, Lindbloom quarterback, ran 56 yards in the second period for the score.

Saturday afternoon callers in the city from Murrayville included H. M. Shepley.

M. G. Moore, at Alsey, has obtained a ruling from the Illinois High School Athletic Association on the much discussed interpretation of the new free throw ruling. The question was put as follows: Two men flagrantly foul an opponent before he is in the act of throwing for a goal, but while he is driving toward the basket for a try.

The ruling—Each of the fouls carries its own penalty. This would, therefore, result in four free throws. That is a change of interpretation from last year, when it was ruled that two free throws were the most that could be granted.

Carrollton high will operate under co-captains during the coming football season. "Kraut" Carter and Mike Graves have been elected to lead the squad during the coming year. Carter, a tackle, was unable to play much of the time during the past season because of injuries, but gave a good account of himself while in the game. Graves is a hard working end.

Judging from radio reports, Texas made a great effort to sell its athletes to the world during their appearance on the national hook-ups yesterday. One ballyhooper declared that most of the players on both Southern Methodist and Texas Christian hailed from the Lone Star state. They should have been advised not to brag—there'll be scouts all over the state before morning.

Tug Wilson, director of athletics at Northwestern, does not believe night football will ever become popular in the Big Ten. The Purdue Northwestern game showed a profit, but it was held at night merely because it came when the Tigers and Cubs were playing part of the world series in the afternoon.

The keeper of the park at the New York Yankee stadium, has found a method of keeping exuberant alumni and students from tearing up the goal posts—he has them torn up before the crowd can break them into bits. As soon as the game is over, park custodians leap into the football arena and yank up the posts.

## Basketball Teams Get Down To Work

Firing Begins Tuesday Night And Continues Through To Saturday

Getting down to serious business, basketball teams from this section will begin firing on Tuesday night of this week and continue through Saturday night as many of the quintets launch their battles for conference titles.

Beardstown will make its bow in the West Central Tuesday night in the opening game, while Ashland invades Athens that evening in a season battle that promises a lot of good basketball and a hard fought game. It will be some sort of a homecoming for the Ashland boys, for they will be up against a team coached by Rollo Sorrells, former Ashland high mentor. The same evening Milton will go to Bluffs, and Palmyra will open up at Rockbridge.

Ashland, which later in the week will come to Jacksonville to open Routh high's schedule, will play Chanderville Wednesday night in the sole game carded for the night hereabouts. Jacksonville high, Routh and I.S.D. all will be at home on Friday night. Bluffs coming here to open the J.H.S. season, Ashland tangle with the Rockets, and an unnamed opponent scheduled for the Tiger court.

Firing also will break out in the Illinois Valley conference this weekend, with Pittsfield tackling Winchester in the opener for the north half of the conference, while other members of the league are getting their warm-ups.

Gillespie will go to Jerseyville, Kampsville and Kane are slated to meet Carrollton, and Alsey will open up at Roodhouse Friday night. Other games Friday night will bring together Mt. Sterling at Hersman, Versailles at Chapin, and Hettick at Rockbridge. Chanderville for a game with the Crimmons, Quincy will invade Routh, and Illinois School for the Deaf is slated for a game at Alsey Saturday night.

## Princeton Swamps Yale Eleven 38-7

Associated Press Sports Writer  
New Haven, Conn., Nov. 30.—(AP)—Yale's football team fell a victim of Princeton's hit-and-run gridiron machine today as the Tigers wound up their second unbeaten and untied season in three years. The score was 38 to 7.

Virtually stalled in the opening period, the big Tiger machine started picking up momentum in the second, and operated with crushing force in the final chapter. In that period it ground out four touchdowns to register the biggest score Princeton has plastered on Yale in the 62 years of the series. The crowd was estimated at close to 60,000.

Larry Kelley, the elusive and loquacious Yale end, who caught the touchdown pass last year that resulted in Princeton's only defeat of the 1934 season, spared the Eli a whitewashing.

Early in the fourth period, Kelley took a position in the corner of the end zone and caught a long, looping 30 yards pass thrown by Jerry Roscoe.

Score by periods:  
Princeton ..... 0 10 0 28—38  
Yale ..... 0 0 0 7—7

Summaries:  
Princeton scoring—Touchdowns, White 2, Constable 2, Sandbach. Points from try after touchdowns—Sandbach 5 placements. Field goal, Sandbach placement.

Yale scoring—Touchdown, Kelley. Points from try after touchdown—Wright (placement).

### NO COMMENT

Pasadena, Calif., Nov. 30.—(AP)—Al Masters, graduate manager of Stanford University, said he still had "no comment to make" after Southern Methodist's victory today over Texas Christian as to who the Indians' opponent would be in the Rose Bowl on New Year's Day.

"It probably will be two or three days before we are ready to announce our choice," Masters said.

J. E. Chaney, of Alexander, was among visitors in the city yesterday afternoon.

daughter Elsie were supper guests Wednesday evening of Mr. and Mrs. A. K. Stansfield.

Mr. and Mrs. John Adams and family spent Thanksgiving with his parents, Mr. and Mrs. E. N. Adams, of Woodson.

Mrs. G. L. Blakeman entertained Miss Lucile Pennell and Tom O'Connell of Jacksonville at a turkey dinner Saturday evening in honor of her birthday anniversary.

## Daring Forward Pass In Fourth Period Wins For Mustangs Over Christians

By Bill Parker  
Associated Press Sports Writer  
Fort Worth, Tex., Nov. 30.—(AP)—Southern Methodist outwitted Texas Christian with a daring pass play today to win a thrill-packed battle between two undefeated eleven 20-14 and move up to the gate of California's Rose Bowl.

The game's big moment in the fourth quarter was but one of a succession of big moments that kept 35,000 fans on their feet as the tide of fortune shifted swiftly. Each team, bulwarked by potential All-American candidates, emptied its bag of tricks and tossed caution to the winds in attaining the 14-14 tie that existed when the Mustangs pulled their surprise.

There they were on the T.O.U. 31 yard line. It was fourth down and there were four yards to go. A pass would be a gamble because failure would give the Christians the ball. But the Mustangs decided the opposition was thinking the same thing. Back fadded Bob Finley with the ball. Down field raced Bob Wilson, the "Jack-rabbit." He took the ball by reaching back for it as his legs pumped goalward. Tacklers were in the way but the other seven yards but he tore through them to the touchdown.

After that it was up to S.M.U. to frustrate the efforts of Sammy Baugh, T.O.U.'s one of the most deadly passers in the nation. It was a big job as Baugh, completing 17 out of 44 passes during the game, rallied his men for one last charge that had reached the S.M.U. 36, as the game ended.

The Mustangs scored midway in the first period on a stout 73 yard march that saw Finley go over from the one yard line. It was a smacking drive that featured the terrific line plunging of Finley and Burt and the end running of Wilson.

Maurice Orr kicked goal from placement. The Mustangs grabbed a second period touchdown when Bob Finley passed to Mac Stewart for first down on the Christian nine yard line. On the next play, Wilson took a lateral from Finley and circled left end for a touchdown. Orr again kicked goal.

In the second period the Christians started a drive from the Mustangs 27 yard line that netted a touchdown when Jimmy Lawrence plowed center for one yard. Roach kicked goal from placement.

Texas Christian deadlocked the score early in the fourth period. Baugh passed to Lawrence on the Mustang twenty-five yard line. To Walls on the Mustang seven, and then seven yards to Jimmy Lawrence for a touchdown. Roach kicked goal.

There was little to choose between the powerful running game: Truman Spain, giant tackle, played a great game for the Mustangs. Darrell Lester, towering Texas Christian center opening gaping holes for his backs, but they couldn't elude the Southern Methodist secondary.

It was S.M.U.'s eleventh consecutive victory and T.O.U.'s first setback in 11 starts.

Score by periods:  
S.M.U. ..... 7 7 0 6—20  
T.O.U. ..... 0 7 0 7—14  
Southern Methodist scoring, touchdowns, Finley (sub for Turner); Wilson 2. Points from Placement, Orr 2. Texas Christian scoring, touchdowns, Lawrence 2. Points from placement, Roach 2.

# I. S. D. Tigers Romp Over Franklin In Opening Game By 38 To 19

## Knox Loses Only 1 Man From Regulars

Team Averages 9 Points to 6 for Enemy in Games This Year

Galesburg, Ill.—(P)—The sons of old Knox College, who mourned over a record of twenty-seven consecutive football defeats a year ago, today rubbed their hands over Iliad's most successful gridiron campaign since 1920.

Only a year ago headlines proclaimed that old Iliad had tied Hobart College's record of unbroken setbacks, following an overwhelming Thanksgiving day beating from Monmouth College. Knox hadn't even scored a point during the 1934 season, and the outlook was bleak.

All that is changed now. Under a new coach, Pete Reynolds, Iliad won five games during the recent campaign, lost two and tied two, and was in the running for the Illinois intercollegiate conference championship until Monmouth wrecked the title hopes by a margin of only one point—7 to 6—Thursday.

Knox counted in every game this season. Coe College of Cedar Rapids, Ia., was the only foe to score more than one touchdown against Reynolds' eleven which averaged nine points a game to six for the enemy.

"This year's job was to teach fundamentals," Reynolds said. "We had to develop a punter and teach the boys to tackle, along with giving out just enough offensive stuff to cash in on a few of our scoring chances."

Reynolds will lose only four men by graduation, three of them reserves. Knox supporters figure the bell in "Old Main" will ring out tidings of a 1936 conference title.

Art Wilson of the Murrayville community spent Saturday afternoon in the city.

## Rickey Says Trade With Giants Small

Does Not Involve Any Star Players, He Says; Not of Major Importance

St. Louis—(P)—Branch Rickey, major domo of the St. Louis Cardinals, today pooh-poohed the trade with the New York Giants and said it

wasn't much of a deal. Unless the two clubs rig up some new swap, not now contemplated, Rickey said baseball fans will be disappointed when the names of the players are revealed at the major league meeting at Chicago December 9.

"It does not involve star players," he said, "and when the players are identified, I believe the fans and baseball people will not consider it a big transaction."

During the recent minor league meeting at Dayton, O., when the deal was closed, reports were current that the Cardinals had swapped Burgess Whitehead, pitcher, infielder, to the Giants for Pinchus Rude Parke.

Rickey would not say whether these players were involved, but he did explain why their names were coupled together.

"A year or so ago," he pointed out, "it became known I was after Parmelee, and just before the minor league meeting Manager Bill Terry of the Giants was quoted as saying he was after Whitehead."

So, when it was revealed the Cardinals had closed a deal, it was assumed Parmelee and Whitehead were the players to be exchanged.

"I promised not to name the men until the major league meeting, but I repeat that I do not believe it will be regarded as a major trade of star players."

## Wolf Hunt Planned In Jersey County

Disappearance of Young Pigs Leads to Discovery of Tracks on Farms

Jerseyville—Farmers of the Otterville vicinity reported this week that a wolf drive may be planned to rid the community of wolves which have returned there this fall.

The disappearance of young pigs in the district during the past two weeks is being attributed to the animals, tracks of the wolves being visible in the earth softened by the recent rains.

Five years ago the wolves became so numerous in the Otter Creek township locality that they formed a real menace to livestock during the winter months. Many bounties were paid out for scalps of the beasts.

Then the wolf pack disappeared from the county. During the past month, they have been seen again in several localities. Wolves were heard howling Thursday night in the wooded vicinity surrounding the Hussey Lake. This densely wooded tract of land affords a fine hideout for the animals.

Mrs. Marcus Ryan was called to St. Louis this week by the sudden death of her uncle, June Dodson, which occurred there Wednesday. For a number of years, the deceased resided in the Otterville vicinity. He was born in that vicinity and was well known in Jersey county.

Funeral services and burial were in St. Louis Friday afternoon. Mrs. Ryan remained here this week enroute to spend Thanksgiving with relatives at Nebo. Mr. Perrin was formerly superintendent of the city schools here.

**THANKSGIVING NEWS**  
Mr. and Mrs. Frank Stille of Jerseyville entertained at dinner Thursday at their home on East Exchange street. The guests included: Mr. and Frank Powers of this city, and Moore Stelle, who is a student at Illinois College in Jacksonville and is spending the holidays in Jerseyville.

**PERRINS IN CITY**  
Mr. and Mrs. H. A. Perrin, of Joliet, stopped here this week enroute to spend Thanksgiving with relatives at Nebo. Mr. Perrin was formerly superintendent of the city schools here.

## SMALL CHILD DIES WHILE EN ROUTE TO GRANDPARENTS' HOME

Mary Belle Trickey, Two Months Old, Passed Away Suddenly at a Springfield Hospital

Virginia—Mary Belle, two months old daughter of Mr. and Mrs. Alden H. Trickey, of Bement, died quite suddenly at a Springfield hospital Friday afternoon about four o'clock.

The parents were enroute to the home of Mrs. Trickey's parents, Mr. and Mrs. R. A. Taylor of Sangamon Valley, and noticing the child seemed to be somewhat ill at Springfield, went to the hospital, where it passed away.

The remains were brought to the R. A. Taylor home by the Massie ambulance of this city. Funeral arrangements are incomplete at this time.

Mr. and Mrs. Trickey have the sympathy of their many friends. Mr. Trickey is the son of Rev. and Mrs. H. D. Trickey, the father is pastor of the Hickory church in Sangamon Valley, and is instructor of music in the Bement schools. Mrs. Trickey is the daughter of Mr. and Mrs. R. A. Taylor and a former student at MacMurray College at Jacksonville.

**UNKNOWN SOLDIER IS THEME OF NEW BOOK BY LOCAL MINISTER**

"The Resurrection of The Unknown Soldier," is the title of a volume of sermons by Dr. M. L. Pontius. The book came from the Cokesbury Press, Nashville, Tenn., this week.

The volume takes its title from a sermon which gives a significant, comprehensive delineation of the conditions precipitating, accompanying and following the World War.

There are brief chapters upon "Tombs of Unknown Soldiers," "Our Unknown Soldier," "Other subjects presented are, 'Is It Morning or Evening?'; 'A Warless World'; 'The Patriotism of Peace'; 'Christian Citizenship'; 'The Endless War'; 'The Twentieth Century Church'; 'The House of Friendship'; 'The Lost Radiance'; 'Building a New World.' The themes are presented in an attractive and convincing manner and with commendable fairness and frankness.

Dr. Pontius is the author of another book entitled, "When Sorrow Comes," which was published in September, 1934. Four large editions of this book have been printed and as the fourth edition is nearly exhausted a fifth edition will be issued this winter.

## Ross Outshines Foe In Vicious Battle

Gives Filipino Who Knocked Him Down Twice in West a Boxing Lesson

Chicago—(P)—Barney Ross, welterweight champion, has erased a humiliating spot from his record today through a handsome triumph over Cefernio Garcia, rugged Los Angeles Filipino.

Back in September, Garcia knocked Ross down twice in the first round of a ten-rounder in San Francisco, and made him hustle his head off for an unpopular decision. Last night in the Chicago stadium Ross gave the Filipino a boxing lesson in a savage ten-round non-title bout.

Ross, at 141 pounds, gave a grand demonstration of superiority over a dangerous contender for welterweight honors. He outgeneraled Garcia throughout. In the sixth he shifted his attack from Garcia's body to a stream of straight lefts to the face.

A left and right to the head in the ninth that sent Garcia stumbling backward almost across the ring was the closest thing to a knockdown for either fighter.

Although decisively beaten, Garcia, who weighed 148 pounds, was dangerous every minute.

A crowd of 9,154 paid \$21,500 to watch the card, which included a decisive ten round victory for Freddie Miller, national Boxing Association featherweight titleholder, over Jimmy Christy, young Chicagoan. Miller's title, not recognized in Illinois, was not involved.

**ATTORNEY DON CRAIG OF MATTOON EXPIRES**

Marinus Heffner of near Arenzville has been notified of the death of Attorney Donald B. Craig at Mattoon, Ill., on Thanksgiving day. The deceased was a member of the firm of Craig and Craik, which represented several drainage districts in Morgan and Cass counties.

Craig VanMeter, a nephew of the deceased, is expected to resign his duties as a circuit judge and devote his full time to the legal firm.

## Witzcak, Rajski and Baumann Send Tigers Off To Winning Start In Basketball Season

Franklin, Nov. 30.—Illinois School for the Deaf launched its basketball season here tonight with a whirlwind start, slashing the Franklin Flashes with a fast scoring attack to turn in 38 to 19 scores in the feature game of the evening. Franklin seconds tumbled the I. S. D. seconds in the opening game by a 39 to 24 score.

Led by Rajski, who poured in 13 points, Witzcak and Baumann, who each contributed team points, the Tigers turned loose an accurate attack that saw them whirl off to a dizzy start in the opening quarter and from then on add to their margin as the game progressed.

The Tigers took a 15 to 4 lead at the end of the first eight minutes of play, and added six more points in the second quarter while Franklin was gathering two points. The Tigers pulled away two points more in each of the third and fourth quarters to outscore Franklin in every period.

The initial rush bowled the Flashes off their feet; the Tiger connecting from long and short range to smash the Franklin defense. Once the Tigers were in the lead, Franklin had only the choice of speeding the play in hopes of getting the ball often enough to catch up to the Tigers, but so accurately were the deaf lads hitting the steel hoop, the Flashes were left far behind.

Thirty-three fouls were called during the game, making it typical of early season clashes. Neither team was exceptionally accurate from the gift line, however.

New Book Written  
By Dr. Pontius is  
Subject of ReviewDr. J. R. Harker Writes of  
Volume from Pen of  
Local Minister

By DR. J. R. HARKER

"The Resurrection of the Unknown Soldier," a new book by Dr. M. L. Pontius, is a very timely and very interesting, made up of nine sermons and a poem, covering about one hundred pages, the whole making an able, instructive and timely plea for the abolition of war of every kind, and in place of it offering the Christian program of universal good will—the Fatherhood of God, the Brotherhood of all men everywhere, and the preeminence of Christ, the Prince of Peace.

The first sermon gives the name to the book. It is a dramatic story of a vision of "The Spirit of the Unknown Soldier," representing the Soldier dead of America. This spirit, in clear and unforgettable words, tells the awful horror, suffering, sacrifice, waste, stupidity, futility of war—and urgently pleads and hopes that the nations will utterly abolish it, and accept and universally adopt this Christian philosophy of reverence for God, peace on earth, and good will among men.

The other sermons follow up the introduction by a careful study of every kind of human conflict. They show careful preparation, the style is clear,

easy and interesting. They are all brief, and can each be thoroughly read in from 15 to 20 minutes. In every case the argument is convincing—so that by the end of the book it is clear that every kind of human conflict, militaristic, economic, class, labor and capital, political, national and community—all can be abolished only by abandoning all selfishness and exploitation of one another, and by the acceptance of the Christian Spirit of mutual helpfulness and good will and cooperation.

The book should have a wide circulation. It should be on the desk of every minister and teacher for ready reference—it should be on the reading table of every home. Especially it should be carefully studied by all our thoughtful young men and women in high schools and colleges, who are now everywhere trying to discover what should be their life attitude toward this greatest enemy of our race.

Quotations might be made from every page, but I think the whole book can be summed up fairly well from the following page 58—in the sermon on patriotism:

"The patriotism of war destroys human life and property; it ruthlessly disregards the idealism of the people; its finished product is devastation and death."

"The patriotism of peace preserves human life, our safety and human rights and privileges; its fruitage is happiness, prosperity and progress."

And this from the author's introduction on page 8:

"The author presents this volume with the earnest and sincere prayer that those who read the book may be brought nearer to the ideals of the Prince of Peace."

I am glad that Dr. Pontius has published the book at this time—when the whole world seems to be a-jar on the very brink of another awful armed conflict, involving most of the leading nations. May God in some way avert such a calamity—it might well nigh be the overthrowing of all the advances of many centuries. The next month

should be a good month for the book stores of the city. I hope hundreds of copies of the book may be sold in Jacksonville alone.

Dr. J. R. Harker.

Plan Older Boys'  
State Conference  
Friday to SundayJacksonville Boys Expected  
to Attend Session at  
Rock Island

The twenty-second annual State Older Boys' Conference is to be held at Rock Island next Friday, Saturday and Sunday. As has been the case in years past, it is expected that a number of local boys will attend as delegates. All who may wish to go should communicate with Mr. Hermann of the Y.M.C.A. at once as advance registrations are required, if delegates desire free entertainment in Rock Island homes.

Registration from Illinois, outside of Rock Island and Moline, is limited to 500 delegates. To this number will be added about 150 boys from eastern Iowa who will be entertained in homes in Davenport, just across the river from Rock Island. These, together with the local delegates from the "Tri-Cities" will make one of the largest conferences held in many years.

The theme of the conference this year is "Thinking Straight," and the greatly disturbed state in which affairs have been during the past few years, straight thinking is indeed necessary on the part of youth as well as older leaders if effective living is to result.

Among the speakers and discussion leaders who will lead the thinking of the delegates is Dr. Frank Stutz, an author, educator and publisher of Dayton, Ohio, who has spoken repeatedly in Older Boys' Conferences of other states along the lines of presenting and interpreting challenging issues. Dr. Karl P. Zerfoss of George Williams College, (the training school for Y.M.C.A. secretaries), who is a skillful interpreter of problems of counsel and guidance, is another of the leaders. Others are Dr. Paul Neureiter, faculty advisor of the Student Y.M.C.A. at Western Illinois State Teacher College of Macomb, T. H. Nelson, president of the Chicago Central Y.M.C.A. College and director of program of the Chicago Y.M.C.A., and others.

**Dorothy Livermore, Who Officers Claim Seriously Wounded Son, Put in Jail**

(Continued from Page One)

was unable to remember the details. Both mother and son were intoxicated, officers said, when taken there early yesterday, and opiates were administered to each.

Livermore and his third wife, who flew here yesterday from St. Louis, remained in a hotel near the hospital.

Attending physicians said the boy rallied slightly after seeing his father. The doctors believed the crisis would come during the night. He was struck in the chest by a 22 caliber bullet which coursed downward through the liver and lodged near the spine.

New York, Nov. 30.—(AP)—Edward J. Reilly, counsel for Bruno Hauptmann in the Lindbergh case, said that he was leaving by train Tuesday afternoon for Santa Barbara "to do whatever I can for Mrs. Livermore," now facing charges growing out of the shooting of her son, Jesse Livermore Jr.

"I haven't been retained by Mrs. Livermore, but I expect to be of help to her," he announced.

Reilly said that a life-time acquaintance with Mrs. Livermore prompted his decision to travel west. She once lived in Brooklyn, near the Reilly home, he said.

"I'm a member of the California bar, you know," he added, "and that may be of some help."

## With All My Love by Mary Raymond

BEGIN HERE TODAY

After the death of her parents, lovely DANA WESTBROOK, child of her mother's second marriage, comes to America to live with her grandmother, MRS. WILLIAM CAMERON.

Dana's half-sister, NANCY WALSH, is resentful over Dana's coming.

Mrs. Cameron decides to introduce Dana to the world by having her meet her father's old friend, RONALD MOORE, who will become her guardian.

Dana, meanwhile, has met and become attracted to young DR. SCOTT STANLEY.

Nancy, who masks her love for Ronald behind an antagonistic attitude, dresses happily for the party. Her happiness fades when she sees Dana, radiant and beautiful, in a new frock.

Dana, alone on the porch while Ronald goes to bring her a glass of punch, answers a whistle from the garden and finds Scott there.

Returning, Ronald finds Nancy on the porch. In the darkness he kisses her, thinking she is Dana. Nancy's vehement anger puzzles him.

NOW GO ON WITH THE STORY CHAPTER X

WITHIN a month everyone had ceased to speculate about Dana and Ronald Moore. They were engaged—or soon would be. Everybody said so; the constant attentions he showered upon her proved it. Dana had won the town catch, and that was that!

There was talk among the older women about Mrs. Cameron's match-making proclivities. Ambitious mothers relinquish a coveted goal none too gracefully. Mrs. Weatherford, who lived across from the Camerons, discussed the situation with her friend, Mrs. Prescott, sitting on the porch of the Weatherford home. Ronnie's roadster had been parked before the Cameron front door earlier in the afternoon but now it had disappeared.

"It's like turning the clock back," Mrs. Weatherford said. "Agatha Cameron used the very same tactics to push the child's mother into a loveless marriage when she was eating her heart out for young Westbrook. I always thought Agatha deserved everything she got in the way of unhappiness for that affair."

"Well, nobody would guess her granddaughter is being pushed," Mrs. Prescott said. "I've heard that when she found out he was the richest boy in town she got out that old rattletrap car of hers and staged a breakdown right in front of his home. A friend of mine saw her!"

Grandmother Cameron was driving home as this conversation took place. She had gone out into the country for eggs. Four dozen of them, boxed, were hidden beneath an old rug in the back of the car. Mrs. Prescott, bought that rug. It was one of the pettiest ones. Grandmother Cameron's loaded but had practiced for years. She had never really become accustomed to being poor. Not even during the depression. When friends flaunted their economies and talked brazenly about shopping for cheaper things, or not shopping at all, she had kept up a pretense of ample funds. She had always hidden the eggs.

THE drive carried her past a large, deserted building on the outskirts of town. Once it had been the most fashionable girls' school in the state. Above the entrance arch, in great letters, were carved the words, "That Our Daughters Shall Be as Cornerstones. Polished After the Similitude of a Palace."

And girls had been polished, their manners flawless in those days. Many times in the past this building had whirled past with graceful young figures. Mrs. Cameron could always single out one girl with rich, brown hair. Some of her classmates had hinted

Dana stared curiously. Scott was opening the door of the house. "This is where I live," he said.

that Dana's mother washed her hair in champagne to get that beautiful vivid sheen. . . .

Mrs. Cameron pulled the old car sharply to one side as a powerfully built roadster, driven at what she was sure was a horribly reckless speed, bore down upon her, flashing ahead. The driver was Ronnie Moore. He lifted his hat in the gallant way she liked, and she flushed with pleasure. Not all young men were so courteous to older people as Ronnie was. Some of them nodded, without lifting their hats. Some of them didn't wear hats at all.

There was Scott Stanley, for instance. Home with a doctor's degree, the honor man of his class. Yet you'd rarely see him hatless. "Ellen and I are old. I don't make any difference about us. We've muddled along on the rent money from those little shotgun houses and that old store all these years. But I want something better for those girls."

With Dana married to a rich husband, things would very likely work out for Nancy, too.

The late sun had gone under a cloud and raindrops were beginning to patter down on the car. Mrs. Cameron looked up. It would be one of those hard, driving summer rains. A regular cloudburst.

SHE had driven the car into the garage and was inside the house before the downpour came. Her dress was slightly damp from drops spattering down as she had crossed

# Militaristic Note Lacking In Young Child's Toys

## SCIENTIFIC AND INDUSTRIAL INFLUENCES APPARENT IN NEW PLAYTHINGS

By MARIAN YOUNG  
NEA Service Staff Correspondent

New York.—In Christmas toys for very young members of the family the martial note is hard to find, although foreign manufacturers are busily turning out miniature army uniforms and diminutive machine guns so the slightly older brother's game of soldier will seem more real to him. American firms, however, stress toys that are distinctly pacific.

If the handsome toys now being arranged on the nation's counters are any criterion, children these days are being encouraged to take an active interest in science, literature, art and industry. Not that Junior's play hours are made dull. Far from it. If anything, toys of iron and wood and steel are even more pretentious and fascinating than ever.

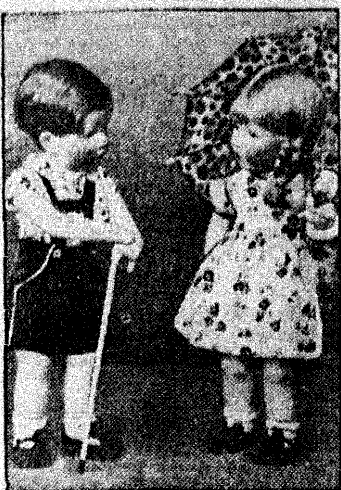

There are, of course, elaborate streamlined trains that Dad will enjoy as much as Junior. A truly de luxe gift for a small boy might include an engine with several passenger coaches and a couple of baggage cars, twenty feet of track and a few tunnels and bridges to lend novelty to the little train's journey across the playroom floor. If the budget doesn't allow for any gift so expensive, an engine, one coach and a few feet of track will afford any youngster plenty of fun.

G-Men Replace Toy Soldiers  
Building sets, motion picture projectors and play imitations of every

adult activity from weaving to lead casting are designed to delight children and to make their minds work in peace-loving direction while they are having fun. The only battle strategies being featured are the G men's war on crime and Cowboy-Indian clashes in the winning of the West. ABC blocks use scout pictures instead of soldiers to illustrate the letter S.

For little girls, dolls are more popular than ever before. They range from Dionne Quintuplets and Shirley Temple replicas to large, child-like models such as Kathie Kruse, the famous Leipzig doll woman always featured. Incidentally, it is possible to buy a Kathie Kruse doll with such a composite body and face that it can be a boy doll one day and a girl the next. When little Mary is tired of having a play daughter, she simply dresses her doll in boys clothes and switches wigs.

For children from two to four, easy

Kathie Kruse designed these charming little dolls that can be boys one day and girls the next. When your imaginative daughter is tired of having a girl, she simply dresses the doll in boy's clothes and switches wigs.

Building and drawing equipment, miniature housekeeping gadgets, picture books, push and pull toys and

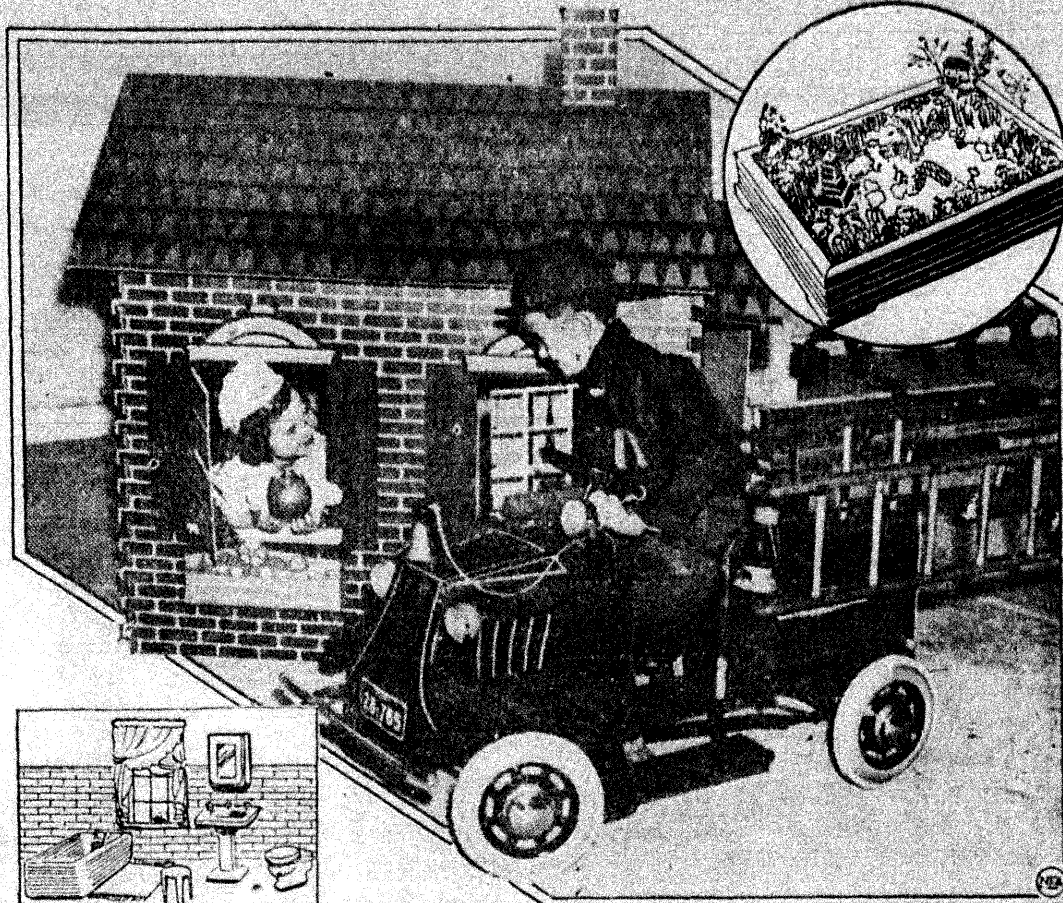

pedal toys are fine. They should be extremely simple, but designed to aid and abet a three-year-old's world of "Let's pretend."

Between the ages of four and six, all youngsters will be amused by construction toys and interest in handicrafts intensifies. Toys which encourage exercise out of doors are in order here for both boys and girls.

A child between eight and ten undoubtedly shows signs of interest in some hobby and gifts to further it will be loved. Chemistry sets, microscopes, printing equipment, motion picture projectors for the boys and embroidery, weaving and drawing things for girls are excellent suggestions. If your small daughter likes flowers and is always doing a bit of digging in your garden why not get her a tiny rock garden for the window seat of her own room? Or give her a large glass jar, huge bottle or oblong receptacle, a few plants and let her arrange and tend her own terrarium.

Hobby Interest Gains After 10  
After the age of ten, hobby interests increase. More mature games, sports toys, books and puzzles are suitable.

Pets always make lovely presents. If your household already holds dogs and cats, perhaps small turtles, a horned toad, rabbits, guinea pigs, birds, tropical fish or plain goldfish will make your youngsters happy on Christmas morning. A special brush, towel and soap set to use when he gives Towser a weekly bath will make your dog-loving child happy. Catnip balls and a brand new wire-banded basket are a fine idea for sister who loves her cat.

A diminutive play house for a small girl and a fire truck and fireman's outfit that will provide months of fun for her little brother. (Upper right) starts the child on a career of gardening. The miniature bathroom (lower left) is a grand accessory for any doll house, new or old.

## Renaissance Is Just Style History Once More

By ROSEETTE HARGROVE  
NEA Service Staff Correspondent

Paris.—Except for a few deep, rich colors the much-discussed Renaissance influence and styles seem to have vanished from a glance at the new collections.

Some of the new, narrow sheath evening dresses are vaguely 1900 and a few trimming details such as shirring, quilting, tatting, braiding and little velvet bows have a little mid-Victorian air about them.

Greek draperies still are featured, but the general effect is much simpler. It looks every bit as though the couturiers had realized that modern women could not be bothered with complicated effects.

The midnight tulleur is by now an accepted feature of every woman's wardrobe and it seems to be taking the place of the informal evening or dinner dress, which, by the way, you very rarely see these days. It has lost a great deal of its masculinity, except the tailored cut of the jacket. However, the latest editions of the cocktail suit go very feminine with leg-o-mutton and other types of full sleeves, port little basques and so on.

**Bodices Show Fullness**  
Bodices occupy the center of the fashion stage and they fill their part nobly with all sorts of new features. Often quite full, both blouses and dress tops show this fullness gathered on an unsophisticated rounded yoke which droops well over the shoulders. When sleeves are not perfectly straight and plain, they are wide and tucked on the inner seam which results in soft folds, or else they are tucked or pleated into the armhole for the same effect. Most of them—on coats as well as dresses—are long and gathered or pouched into a narrow wristband or cuff. There are also a number of elbow sleeves to be seen.

Skirt lengths for day are inclined to be a question of individual figures, but the tendency is towards shorter rather than longer skirts. For evening, they are very varied.

**Evening Hems Cover Instep**  
There are ankle-length restaurant dresses and cocktail suits at Molyneux's, but the majority of evening gowns have hems which just cover the instep. One sees few trains which have to be looped over the arm, but the more formal type of gown is so cut that the skirt trails a few inches behind. Slits appear on many models, almost disclosing the knee.

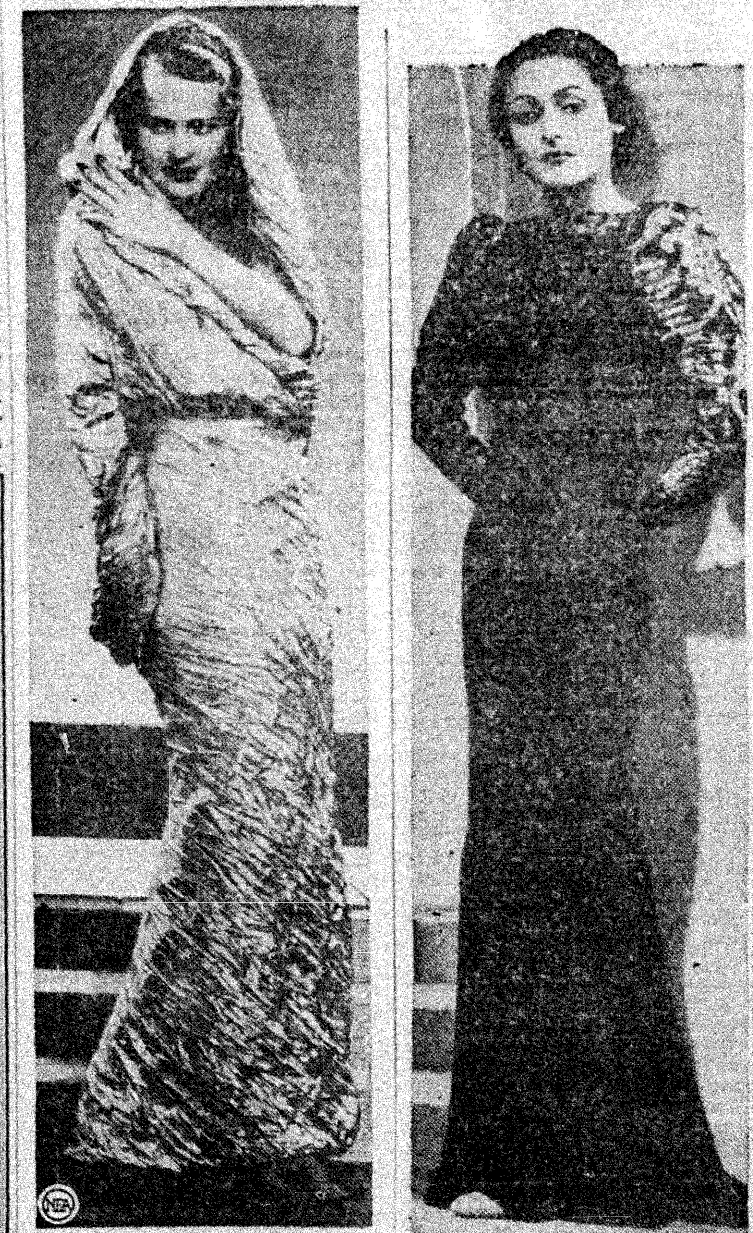

Decolletes are startling, to say the least. Very nude backs are sometimes crossed by medium-sized straps which offset the nude effect. In many not even the tiniest strap appears. The bodice consists of two pieces of fabric which go around the neck, halter-wise. Many Roule goes one better and slips her decolletes to within a

Huge fur gloves to match the collar and the hat trimming are an innovation by Schiaparelli that has created a sensation in Paris. Silver fox is used with the carbon blue suit, and a sweep of fox tails tops off the cockscomb hat.

few inches of the raised waistline in front.

**Waistlines Creep Upward**  
It looks as though there might be a revival of the shorter waist as the next fashion trend. Trimmings, pockets and general decorative effects on coats and dresses are all placed a few inches higher than before and waistlines also show a tendency to creep up in front.

As spectacular as it is unique looking, this Schiaparelli gown is made of a new gold lame velvet. Deeply crinkled, it is lame on one side and velvet on the other.

How the Renaissance influence has waned is illustrated by this Alix gown—the silver and gold embroidered sleeves are its only vestige.

## Smart Evening Shoes for Winter Lose Last Vestige of Classic Designs

Fragile and Very Beautiful,  
They Bespeak Frivolity

The red evening sandal at right has a broad black band over the instep. The flat heeled model below is made of narrow strips of gold kid and white satin.

By MARIAN YOUNG

NEA Service Staff Correspondent

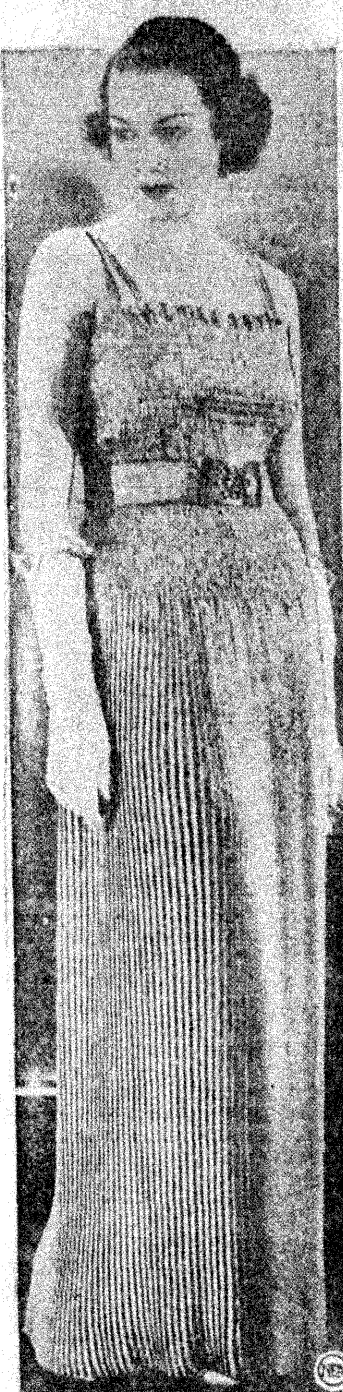

New York.—You can dance to the strains of holiday music in evening shoes that are more unusual and exciting than ever before. Square toes and heels, broad instep straps, fastened with buttons, and sandals cut high across the instep, then cut out, are only a few of the high-styled features of some of the prettiest models.

You may like your suits classic, your blouses tailored, daytime shoes plain and conventional and your hats in the British manner, but when it's time to pick formal shoes for winter's social whirl, you'll decide to go completely frivolous and gay.

You won't think of asking for something simple and inconspicuous when you've gazed at silly dyable white oodles with bars of music and musical

notes across the toes; lame, brocade and lustrous satin sandals, combined with silver and gold kidskin; and pert little numbers with multi-colored stones set here and there.

It still is smart to wear toeless slippers that show the bright polish with which you've lacquered your toenails. Many models are backless, calling for the sheerest of sheer evening stock-

From its glistening silk lame to the clever simplicity of this evening frock reeks of smart youthfulness. The shirred top is held by narrow double straps and the décolletage is outlined by a tiny band of pleats.

Many Models  
Are Jeweled

ings. Low heels are worn a good deal, especially by extremely tall girls and those who have East Indian and Grecian gowns in their wardrobes. One especially nice low-heeled model is fashioned from narrow strips of gold kid and white satin and is tied up with narrow gold kid lacing. This is backless and reveals just the tip of the toes.

Another new shoe, called "Hop Scotch," in a skip-a-square design comes in velvet with multi-colored stones. Plain velvet is used in one square, stones in the next, and so on. A high-cut evening sandal in colorful brocade with silver kid piping, backless and toeless, this is comfortable as well as chic.

"Hop-Scotch" (top) is fashioned from black velvet and multi-colored stones. The white suede slipper (center) is trimmed with musical notes in gold kidskin. The high-cut brocade model (bottom) is backless and toeless, trimmed with silver kid piping.

## Family Gathers for Thirty-sixth Time

Annual Thanksgiving Day  
Feast is Served for  
Nash Descendants

White Hall.—Mr. and Mrs. Mont R. Winters entertained at a Thanksgiving day reunion at their home on Carr street Thursday for the descendants of Mr. and Mrs. Dennis Nash. This was the thirty-sixth annual reunion

held by this family on Thanksgiving day and without a single break in the Gates.

There are now fifty-seven descendants counting in-laws, grandchildren, and great-grandchildren. On account of the epidemic of scarlet fever and diphtheria which has been prevalent in White Hall for the last several weeks, the attendance was cut down to twenty-one this year.

One of the traditions of this feast is that a big fat goose shall be served as the main dish on the menu and the remainder of the dinner is usually a basket affair. There have been three babies born and one wedding since the last anniversary.

### Entertain Eighteen Guests

Mrs. Jane Rigg is another who is making quite a record of family reunions on Thanksgiving day. She entertained eighteen of her descendants and two guests at her home on Israel street Thursday. The guests were Mr. and Mrs. James Coates of White Hall.

The children and grandchildren were Mr. and Mrs. R. A. Rigg of St. Louis, Mr. and Mrs. W. A. Rigg and son, Mr. and Mrs. Ira Hudson and two children, Mr. and Mrs. William McCarty and children, and Mr. and Mrs. William Owens.

Mr. and Mrs. C. C. Brown entertained a family at Thanksgiving dinner. The guests were Miss Bea Hamilton and Dr. Robert Piper of St. Louis, Mr. and Mrs. Francis Piper and little son, J. H. Mrs. J. H. Piper, Mr. and Mrs. Brown and son Paul completed the circle.

Mr. and Mrs. J. D. Rowe entertained at a family dinner at their home on Carrollton street Thursday. Those present were Mr. and Mrs. Claude

Ridings and daughter Dorris, Mrs. Anna Painter and son Wayne, and J. C. Price.

Mr. and Mrs. Herman Keller entertained at a family dinner Thursday at their home east of the city. Those present were Miss Mary Gross of St. Louis, Mr. and Mrs. John Gross and Mike Speck of east of Rockhouse, Miss Mary Gross came up Thursday and returned to St. Louis Friday afternoon.

Guests at Callans Home

Mr. and Mrs. William Callans entertained Thanksgiving. Their guests were Mr. and Mrs. Carl Bishop and son Neil of Rockford and Mr. and Mrs. Clarence Cordum of Gillespie. Mr. and Mrs. Bishop will remain until Sunday and visit part of the time with Mr. and Mrs. William Bishop on Tunison avenue. Mrs. Cordum is remaining until the middle of next week.

Mr. and Mrs. Ted Von Behren of St. Louis arrived Thursday morning to remain until Sunday with Mr. and Mrs. Jesse Harrison on Carr street. Mr. and Mrs. Mike Daley and Mr. and Mrs. H. C. Windt spent Thanksgiving with Miss Daisy's brother, Mr. and Mrs. J. W. Finch in Jacksonville. Mr. and Mrs. K. O. Hoffman of North Baltimore, O., are here for a visit with her mother, Mrs. Allen Griswold and relatives.

Dr. Carl Thurman of Pittsfield was here to spend the holiday with his brother, Virgil Thurman.

White Hall Personals

Mr. and Mrs. Henry Shirley spent Thanksgiving with their son Richard and his wife in Springfield.

Mr. and Mrs. Glenn Kneeland and daughters Vivian and Winona went to Astoria to spend the holiday with relatives. Mr. Kneeland is night operator at the Burlington station here.

Mr. and Mrs. Mike Daley and Mr. and Mrs. H. C. Windt spent last Sunday with Mr. Windt's sister, Mr. and Mrs. E. D. Saehe, in St. Louis county.

Mrs. F. M. Schofield of Maroa arrived Thursday to spend the remainder of the week with her father, Dr. W. H. Garrison, on North Main street.

Miss Viola Childers who has been attending school in St. Louis this year is spending the holidays with her mother, Mrs. Hattie Childers, on North Main street.

Mr. and Mrs. Fred Sleuter of Alton and Mr. and Mrs. Carl Bishop and son Neil of Rockford were guests of their parents, Mr. and Mrs. William Bishop, on Tunison avenue.

Eileen Singleton, daughter of Mr. and Mrs. John Singleton, has been confined to her bed with an attack of influenza this week.

Mrs. Virgil Bowen is confined to her bed with an attack of rheumatism.

B. F. Choum, who has been laid up with a broken leg several weeks, has the cast removed now and is improving slowly at his home on Centennial avenue.

Born to City Clerk and Mrs. Dwight Coonrad, Thanksgiving day, a son who is the sixth child.

Mrs. Belle Burdette is critically ill at her home on East Lincoln street. Mayor Stanley Thomas was confined to his bed with illness Friday.

## Altar Painting in Church Dedicated

Lutherans at Meredosia Receive Memorial as Gift of Member

Meredosia — Impressive dedication services were held at St. John's Lutheran church in this city on Wednesday

evening for the large altar painting "Jesus in Gethsemane" given by Mrs. E. W. Freeland in memory of her parents, Mr. and Mrs. H. C. Weghoff. Mr. and Mrs. W. A. Schmidt and son, Billy Joe, gave the church a very beautiful gift at this service in memory of their daughter and sister, Madeline Schmidt Steinberg. Rev. K. B. Neumann of near Ardenville delivered the sermon and the choir of St. Peter's Lutheran church rendered the anthem "Praise Ye the Lord."

News Notes  
Mr. and Mrs. George Umland of near Beardstown spent Thursday here with

Harold Umland and family. Mrs. Orah Butcher has been visiting relatives in Peoria the last few days. Mr. and Mrs. Kenneth Vandergrift and little son of Greenfield, and Mr. and Mrs. George Lawson and little son of near Winchester, were Thursday visitors at the home of their parents, Mr. and Mrs. Harry Lefever. Mr. and Mrs. Charles Hobbs visited Thursday and Friday with Ralph Habbertfield and family at Pekin. American Legion members will have their business meeting Monday evening at the legion cabin and make plans for the December social.

Mr. and Mrs. Richard Pond and two son, Ralph and Jack of Peoria are visiting the last few days this week with relatives here. The play entitled "Big Show" given by the students of the high school on Wednesday evening at the high school auditorium was well attended. The play proved to be quite entertaining, and was enjoyed by the audience present.

Mrs. Effie Kappel and Mr. and Mrs. Charles Weghoff had as their dinner guests Thanksgiving day, Mr. and Mrs. Roy Burrus, son, Robert, Mr. and Mrs. Wilbur Burrus and three children, Miss Elbert, Martin and Marilyn, and Alex Burrus, all of McKendree Chapel neighborhood.

## Ozark Singer

MAY KENNEDY MCCORD

May Kennedy McCord, "Singer of the Ozarks," has done more perhaps than any other modern writer, with the exception of Harold Bell Wright, to give the world the inside facts on the Hill People. She loves them and they love her. Her versatile pen has pictured their lives, habits and customs with a sincerity and beauty, which has opened the eyes of thousands of readers. She is not only a poet, a columnist, but a very well known entertainer. With her guitar and her outstanding personality, her songs are filled with pathos, laughter and heartaches, sunlight and shadow. Jacksonville people will have the privilege of hearing Mrs. McCord Tuesday evening, December 3, at the Centenary church.

## Rail Stocks Are Moving Forward

New York, Nov. 30.—(P)—Rail stocks resumed their leadership today, pushing quietly ahead, fractions around a point in an otherwise mixed and narrow market.

A few specialties, the aviation issues and copper were able to stir a little enthusiasm in a carry-over from Friday's buying in these groups, but the market, as a whole, appeared to be dull.

The Associated Press average of 60 stocks finished ahead 1/4 of a point at 54.5, with the improvement due entirely to the 15 rail issues, which advanced 3/4 of a point at 29.1. The 30 industrials in the average dipped 1/4 of a point, while the utility division was unchanged.

Trading was at a slower pace than even the week-end influence would appear to account for, and seemed to indicate that many were heeding the suggestions made by a number of brokers' experts that the decline might be the most comfortable place to be for the moment. Turnover amounted to 870,170 shares, the quietest short session in two months.

The Anglo-Italian tension appeared to be at the base of most of the cautionary advice of Wall Street quarters, but in the absence of important new developments during trading hours it seemed to play little part in the day's price movement except by restraining some traders from making new commitments.

## Livestock Mart Prices Higher

Chicago, Nov. 30.—(P)—The livestock market wound up the month today with prices at the highest levels for November in five to six years. Hog prices advanced 15 to 25 cents during the week, steers were up 25 to 50 cents and lambs gained as much as \$1.00, highest in a month but more than \$2.00 per hundredweight below the 1935 peak established in September. It was the highest for November in six years. The steer top got up to \$15.25 for highly finished hogs prepared for the international livestock show, \$1.00 below the spring top but the highest for this season of the year since 1929. The top of \$11.65 for fat lambs was the highest for any time since June, 1930.

Only the hog market was active today. Prices were mostly 10 cents higher with the top at \$10.00. Estimated receipts for 1935, 1,000 head, including 3,500 direct. Cattle receipts were 500, calves 200 and sheep 2,000.

Improved demand in the wholesale trade and a good shipping business stimulated strength in the livestock markets. The hog top advanced 15 cents during the week while the average price rose 25 cents to \$9.75 yesterday. More than 1,000 cattle fed for exhibition in the show but sold in the market instead were bought up by shipping interests demanding high prices. The top for the show, selected was \$12.50 above the \$14.00 peak price for regular commercial steers during the week.

Chicago, Nov. 30.—(P)—With European political developments less warlike and with end-of-the-month liquidation in progress, grain values today underwent an all around tumble.

Wheat suffered a maximum fall of 11 cents a bushel. Overseas demand for wheat was reported slack, and there were predictions of increased selling pressure soon from Argentina, where throughout the northern part of the country the wheat harvest is now general.

Chicago closing quotations on wheat were one third 1-11 below yesterday's finish. Dec. 97 1/2, corn 1 1/4 down, Dec. 57 1/4, oats 1 to 1 cent off, and provisions showing 5 to 12 cents decline.

Ushering in the downward movement of wheat prices here was a surprise pronounced setback of the Liverpool market. Cables said Liverpool action was under the influence of cheaper offerings from Australia and an improved political outlook. Associated more or less with further weakness that soon became apparent in the Chicago wheat market, were Paris suggestions of a conference between British and French premiers to discuss possibility of a peace settlement before an oil embargo is applied against Italy.

Considerable attention was given to advice that recent rains were giving encouragement to wheat planting on a large scale in western Kansas. Thousands of farmers were reported as working feverishly the last few days in that region since assurance became general there was ample moisture to start a crop on the other hand, Buenos Aires reports emphasized that throughout Argentina temperatures today exceeded 100, and that danger existed wheat yields would be jeopardized by shriveling and loss of weight.
